Readers Guide to the Budget

FY 2025-2026 Annual Budget

This budget document has been prepared and presented in an effort to comply with the guidelines and recommendations of the Government Finance Officers Association of the United States and Canada (GFOA) Distinguished Budget Presentation Awards Program. Many people believe a City Budget is only a financial plan. In order to be considered for the budget award, the following four areas must be included in the budget presentation:

THE BUDGET AS A POLICY DOCUMENT

This involves including a statement (or statements) of budgetary policies, goals, objectives, and strategies for the year and also an explanation of the budgeting process to the reader. Goals, objectives, and strategies are an integral part of this document, which we believe satisfy this requirement.

THE BUDGET AS AN OPERATIONS GUIDE

This criterion involves explaining the relationship between organizational units (departments) and programs. An organizational chart, description of the departmental organizational structure, services, and staffing levels, with historical comparisons, are also included. Explanations of how-capital spending decisions will affect operations are offered. These issues are addressed throughout the document.

THE BUDGET AS A FINANCIAL PLAN

This criterion involves including an explanation of the financial structure and operations of the City. The City's major revenue sources and fund structures are defined and amplified. The budget contains an all-inclusive financial plan for all funds and resources of the City, and also includes a multi-year financial forecast. Included are projections of financial condition at the end of the fiscal year, projections of financial activity, and historical comparisons. The budget also presents a consolidated picture of all operations and financing activities in a condensed format. An explanation of the budgetary accounting basis used in the development of the budget. The budget summary section, as well as the various fund and department summaries, satisfies this requirement.

THE BUDGET AS A COMMUNICATIONS DEVICE

The budget document is available to the public at the City Secretary's office in City Hall as well as on the City's website. As much as possible, we have avoided the use of complex technical language and terminology, and included charts, graphs, and glossary for understandability and usability. Efforts are made to explain the basic units of the budget, including funds, departments or activities, and disclosing sources of revenues and explanations of revenue estimates and assumptions. This information throughout the document.

In summary, each of the above four criteria is recognized by the GFOA as an integral part of any budget document in order to convey to the reader the goals and objectives the City will address during the year and how these goals and objectives will be met and measured. We have attempted to present these goals and objectives to the reader in such a manner that any reader, regardless of the reader's financial background or knowledge, will be able to gain a basic understanding of them.

A Message From Jeffrey James

CITY MANAGER

“Providing quality services while strengthening our community remains the foundation of everything we do.”

I am pleased to present the adopted Fiscal Year 2025–2026 Annual Budget. In compliance with the State of Texas and the City Charter. It is the result of months of hard work by the Mayor and City Council members, the directors of each municipal department, the Finance Department specifically, and the City Manager’s Office. This budget was adopted in September 2025 by the City Council and outlines the City of White Settlement’s revenue sources and expenditure plan for the fiscal year beginning October 1, 2025, and ending September 30, 2026. The FY 2025-2026 budget was created in a changing economic environment throughout the state and the North Texas region. Our City, like many others, is feeling the squeeze. Sales tax growth has slowed, property valuation methods have shifted and reduced our property tax collections, and we now have to absorb the full cost of ambulance services that were previously covered by user fees and patient insurance. This fee for the upcoming year FY 2025-2026 will cost the residents of White Settlement at least \$500,000 as a contractual payment to the City of Fort Worth for the EMS provision. This budget from the start of the process was designed to be reactive and conservative, preferring to approach this fiscal year with caution and a desire to maintain service levels that meet the needs of our residents while prioritizing fiscal responsibility and sustainability. Once again, the management team remains committed to a sustainable balanced budget aligned with the City’s core goals: resident safety, improved and expanded infrastructure, and economic growth guided by City Council goals and our Comprehensive Plan.

A Message From **Jeffrey James** CITY MANAGER

The FY2025-2026 annual budget is the result of estimating and prioritizing the city's expenditure against revenues while not creating a burden to our taxpayers. The Council directed staff to craft a budget much like we have in the past that preserves essential services' (public safety and public works) levels while enhancing key programs where feasible (parks and community engagement programs). This year's budget process was developed through extensive collaboration between City staff and the City Council. Together, staff and Council members evaluated requests, prioritized needs, and reviewed recommendations through a series of workshops held throughout the Spring and Summer of 2025. These workshops focused on transparency for taxpayers, service-level priorities, and strategic goals. These plans rely on methodical forecasting of funding needs, revenue sources, and expenditures. These processes help to ensure that the focus of the budget is not only on the upcoming year but also considering our future. Thanks to the City's historically conservative budget practices, White Settlement has been able to absorb unexpected economic as well as emergency needs in the past and we plan to be able to do so in the future. Our strong fund balances—built through prudent financial management—allow the City to address nonrecurring needs, including one-time capital purchases such as project-specific engineering and construction work.

The City is in a stable position for the FY2025-2026 fiscal year. The national and local unemployment statistics show a flattening of hourly wages which has yet to be realized – so the City has taken a conservative approach to sales tax forecasting. Regional economic activity continues to expand, but at a much slower rate than in the previous three years. Property values, both residential and commercial, are expected to maintain their value which will have a positive impact on the City's financial outlook, but at a more gradual rate than we experienced last year. The FY2025–2026 budget adopted a tax rate that supports the continuation of current service levels while meeting all debt-service obligations. The new tax rate of \$0.714778 will provide an increase in revenue in the amount of \$531,733. This revenue along with the 10% reduction made in operating budgets will help to ensure that the adopted budget is balanced throughout the FY2025-2026 year, barring any unforeseen emergency expenditures.

The City's location, affordable housing, and small-town feel continue to draw people to the community. White Settlement remains one of the most affordable housing markets in North Texas, with an average home price of approximately \$211,520. The community continues to grow as a welcoming, accessible place to live, work, and raise a family. Ideally located between I-30 and I-820, the city offers quick access to two major regional employers, Lockheed Martin, and the Naval Air Station Joint Reserve Base. The city also sits just minutes from several notable North Texas destinations such as Texas Motor Speedway, the Fort Worth Stockyards, the U.S. Bureau of Engraving and Printing, Dickies Arena, the Amon Carter Museum of American Art, and Bass Performance Hall.

MAJOR ACCOMPLISHMENTS THIS PAST YEAR

POLICE DEPARTMENT

Christopher Cook, Chief of Police

- Department ranked 6th in Texas and 18th across the country in National Night Out Awards Program.
- Agency received the Texas Veterans Commission and Texas Workforce Commission Award of Excellence.
- Department re-accredited for fourth consecutive period with the Texas Police Chiefs Association Best Practices Accreditation Program.
- City selected to serve as the first stop and kickoff event for the Special Olympics Law Enforcement Torch Run. Also hosted the Polar Plunge and was active with our local Special Olympics Team - the Jets.
- Department launched UNIDOS, a Spanish-speaking outreach program to connect residents with law enforcement resources and social services
- WEST COMM Dispatch Center fully staffed in 2025
- Hosted several community engagement events, including Touch A Truck, National Night Out, Back the Boo, and Santa Cops.

FIRE DEPARTMENT

Rick Sanderson, Fire Chief

- The White Settlement Fire Department welcomed three new full-time firefighters.
- WSFD members earned certifications in several fire service disciplines such Driver Operator, Rope Rescue Technician, Fire Officer, Fire Instructor, Incident Command, and Fire Investigation Technician.
- Interagency training with Northwest Emergency Response Organization (NERO) for Confined Space and Live Fire drills.
- The White Settlement Fire Department and the White Settlement Professional Firefighters Association hosted an International Association of Fire Fighters (IAFF) Fit2Thrive program. There were also eight outside agencies that participated in this wellness-centered training.
- Attended WSISD Special Olympics JETS event at Silver Wheel Skating Rink.
- Practicum host site for Brewer HS students in the Career and Technical Education (CTE) program.
- WSFD partnered with NAS JRB Fort Worth Fire Department, Carter Blood Care, and Cook Children's to host a blood drive and free car-seat checks.

MAJOR ACCOMPLISHMENTS THIS PAST YEAR

COMMUNITY DEVELOPMENT

Robert Nunley, Community Development Director

- U-haul - located at 1000 State Hwy 183 - completed a 7.5-million-dollar addition to their property that is currently up and running.
- West Loop Business Park—On April 23, 2024, Permits were issued for the construction of a 15-million-dollar business park. The project is currently underway and expected to be completed in the summer of 2025.
- Entrepreneur Park—This is a 20-million-dollar renovation of the buildings currently located at 101, 401, 403, and 405 S Jim Wright Freeway. When completed, the buildings will be state-of-the-art and home to new businesses, including avionics, insurance, oil and gas, art restoration, restaurants, green space, and a new cop shop, which will be a satellite office for our local police department. Once completed, the renovated buildings will usher many new businesses and will be a warm welcome into our city.
- 601 S Jim Wright Freeway – On August 14th, 2024, permits were issued for the construction of a 19-million-dollar new Toyota dealership which will display roughly 483 cars at the dealership. This development is at a location that has not ever been developed and is truly new construction.
- New Businesses that call White Settlement Home (this is not a full list): La La Laundromat, Piklr Ball, Fish Window Cleaning, Level Up Music Academy, Fastenal, Shoot Smart, Dupuy Oxygen, and Redeeming Ground Counseling.

FINANCE DEPARTMENT

Brittney Huff, Finance Director

- Integrated Purchasing and IT functions into the Finance portfolio to streamline operations and reporting (March 2025).
- Launched a successful internship program (December 2024).
- Issued debt to fund FY2025 CIP change orders and FY2026 projects involving streets, stormwater, water, and wastewater infrastructure (March 2025).
- Retired EDC sales tax revenue bonds, eliminating General Fund subsidies to water park operations (June 2024).
- Advanced the mass meter-swap project, anticipated to be completed in early FY 2025–2026 (projected October 2025).
- Delivered a structurally balanced FY2025 budget in coordination with all departments and City Council and successfully accounted for increased EMS costs in the FY2025–2026 budget while maintaining service levels (September 2025).
- Implemented stormwater rate-study recommendations to enhance equity and boost utility revenue (January 2025).

MAJOR ACCOMPLISHMENTS THIS PAST YEAR

COMMUNITY SERVICES

Rich Tharp, Community Services Director

COMMUNICATIONS/MEDIA

- New City app
- Updated City Manager monthly report
- Launched City Pod cast
- Completed departmental annual reports for FD and Finance
- Website upgrade

CONVENTION CENTER

- Storage closet addition
- New AV system
- EC2 remodel project
- Purchased replacement facility amenities (chairs, tables, modular dance floor, etc.)
- Updated the facility rental agreement and fee schedule

FACILITIES

- Public Works yard security camera system
- Building HVAC maintenance program
- Completed TRWD rain barrel installation project at the municipal courtyard
- Successfully completed re-occurring roof leak repairs on all buildings
- Reorganized amenity and supply storage at the convention center

KEEP WHITE SETTLEMENT BEAUTIFUL

- KTB Gold Member Affiliation
- TRWD Water Conservation, west Tarrant County host site
- NPSOT landscape vegetation remediation project
- Library Summer Show stormwater presentation
- Completed the annual 2025 stormwater permit
- NCTCOG Solid Waste grant van

LIBRARY

- Homeschool craft activity
- Vox audio books
- TSLAC TexTreasures grant
- Facilitated additional Community events
- Attended the TLA conference
- Replaced all of the public computer stations

MAJOR ACCOMPLISHMENTS THIS PAST YEAR

COMMUNITY SERVICES CONTINUED

Rich Tharp, Community Services Director

PARKS

- Skatepark and Basketball court resurfacing project
- Completed 2 field renovations at Central Park
- 2025 PROS Plan document
- Central Park restroom remodeling improvements
- Central & Veterans Playground improvement project

RECREATION

- Hosted “Heart of Competition College Showcase” basketball clinic
- New security camera system
- Hired an Athletic Supervisor
- “Level Up” Futsal Soccer Indoor Soccer Program
- Trinity Championship Wrestling Expositions
- Leaping for Joy and Expressive Movement Dance Group Programs

SENIORS

- Hired a new coordinator
- Updated the Senior Advisory Council By-laws
- Field trips & Activity participation program
- Attended Empowering Senior Expo
- Senior memorial eulogy events

SPLASH DAYZ

- Conducted special events to increase attendance (Foam parties, K-Pop day, Special Needs Day) throughout the season
- Hosted three private rental events
- Completed scheduled pump motor replacement on all attractions
- Completed a third-party structural analysis inspection
- Utilized dynamic cabana pricing to increase facility bookings
- Created a seasonal marketing position to help with online and social media park promotions
- Conducted a new Premier Opening Weekend event on 5/17 & 5/18

PUBLIC WORKS

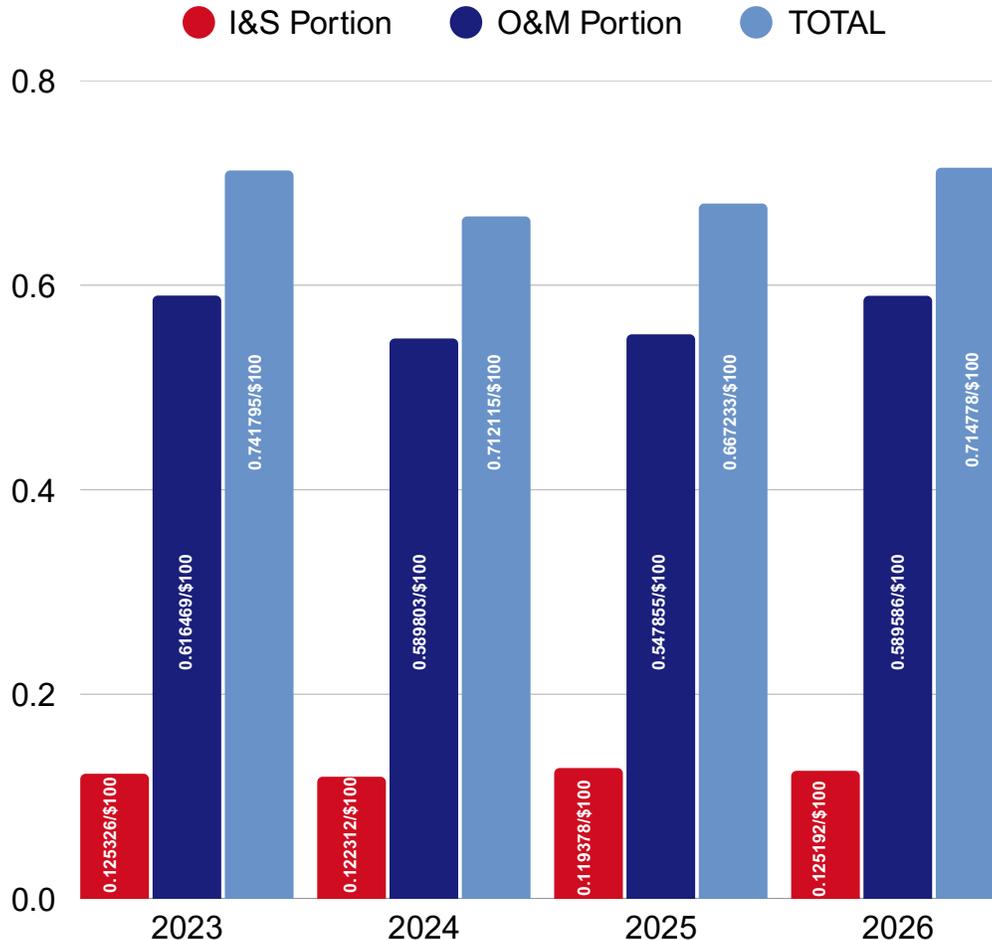

Larry Hoover, Public Works Director

- Executed a Stormwater Facility Maintenance Agreement for 1000 S. Cherry Lane.
- Awarded the 49th Year CDBG project to the lowest qualified bidder (Res. 2023-10-12-012).
- Finalized an Interlocal Agreement with Tarrant County for major street improvements.
- Updated the City’s water conservation and drought-contingency plans.
- Completed the Public Works Master Plan for the City Services Facility

HIGHLIGHTS

PROPERTY TAXES

For the Fiscal Year 2025-2026, the City increased the Maintenance and Operations (M&O) rate in order to capture the same amount of revenue as last year plus 3.5% by adopting the Voter Approval Rate (VAR). The City saw increased property values across all land classifications, but a property tax refund, for a charter school, issued in Tax Year 2024 forced an increase on the VAR M&O rate side for FY2025-2026. Additional debt was issued in March 2025 to fund projects slated on the Capital Improvement Plan, but because of increased property values, the Interest & Sinking (I&S) rate of the VAR was lowered even though the debt burden increased. Staff anticipated this trend overall on the VAR property tax rate proposed for FY2025-2026 because of increased appraised property values, but due to the refund which was issued through litigation at the Tarrant Appraisal District, the M&O rate of the VAR increased almost 10%. This is because the M&O side of the VAR is calculated based on revenue from prior year (affected by the refund), and the I&S side is calculated based on taxable property value.

HIGHLIGHTS

SALES TAXES

We are taking a very conservative approach to the estimates for the fiscal year 2025-2026. The areas of development we hope will attract new sales tax generating businesses will be located next to the I 30 Hwy at the Las Vegas Trail exit and Hwy 820 and White Settlement Road exit. These critical intersections are also located in the Tax Increment Reinvestment Zone ("TIRZ") #1 in the city. The purpose of the TIRZ is to encourage business growth and increase the sales tax revenues. Our goal is to take some pressure off both residential and commercial property taxpayers. The history of sales taxes has been volatile over the last 10 to 15 years and remains a concern. However, we believe that this volatility will stabilize soon due to the aggressive approach we are taking to recruiting new businesses to our community.

UTILITY RATES

The City implemented the storm water rate study performed by a 3rd party consultant in January 2025. This rate update adds approximately \$400,000 annually in additional revenue to the Stormwater Utility Fund compared to the old rates.

GRANTS

The City is putting more emphasis into finding, applying, and receiving local, state, and federal grant funding to extend the spending abilities of the city. Funds are available for governments to use grant funding instead of local dollars for items that the City is already trying to pursue.

EXPENDITURES

The City of White Settlement will continue to make public safety its highest priority, with 55% of the General Fund budgeted expenditures going towards this important area.

Currently, the Water and Sewer Fund balance is healthy, but the growing infrastructure needs of the water and sewer system continue to increase due to the worrisome situation of our current system. Over 40% of the system is 50 years old or older and has reached the end of its recommended life cycle. In the past two years, the City has developed a Capital Improvement Plan (CIP) to strategically guide the infrastructure repairs and replacements. The City is also working with engineering consultants and other outside sources to develop processes and policies that focus on and strengthen the Public Works Department.

The city management team, starting in 2018, decided to manage the City's operating budget based on the balanced budget approach.

The FY2025-2026 General Fund adopted budget does not include an operating subsidy for the water park. With the sales tax bond called as of June 2024 and the debt burden relieved in the Economic Development Fund, the operating subsidy has been moved to the EDC Fund for the foreseeable future.

The City has increased efforts into improving its financial management policies, strategic short term, and long-term planning (to include financial, infrastructure, and personnel), and implementation of a new comprehensive plan to maintain a healthy financial position for the future success of our community.

FUTURE

The future outlook for White Settlement is positive. The City's strategic location at the crossroads of I-30 and I-820 provides residents with easy access to a variety of potential employers and lots of activity destinations. Population growth in White Settlement is expected to continue at a steady pace according to the North Central Texas Council of Governments, the City's population is projected to surpass 18,560 in 2025. The City is expecting to continue the current residential growth of approximately 50 new infill housing units throughout the City in the upcoming year, along with the development of two "new" housing projects scheduled to start construction in FY2025-2026. Additionally, we have two commercial developments scheduled to complete construction in FY2025-2026 - which we are looking forward to. The City will continue to work with regional partners such as Tarrant County, TxDOT, the City of Fort Worth, and the North Central Texas Council of Governments to improve and replace our aging infrastructure while minimizing the financial impact on residents.

SUMMARY

This FY2025-2026 budget establishes a strong conservative financial foundation for delivering essential municipal services while continuing a sustainable, forward-looking approach. Questions about the robustness of the economy will continue to persist for the next several years, but White Settlement is positioned to handle whatever comes our way. Public safety remains a top priority as it has for the past several years, along with the critical need to address aging infrastructure and the persistent issue of employee compensation. Strong financial planning will be essential as the City works to meet the evolving needs of our residents and Capital Plans

I extend my sincere appreciation to the Mayor, City Councilmembers, and residents for their leadership and assistance during the budget process. I would also like to thank the residents of White Settlement for their continued engagement and interest in their local government. I commend all City employees for their dedication to our shared mission: "fostering a community where people choose to live, work, raise families, and visit". Our City government remains committed to transparency, accountability, and delivering high-quality services for the benefit of residents, businesses, and taxpayers.

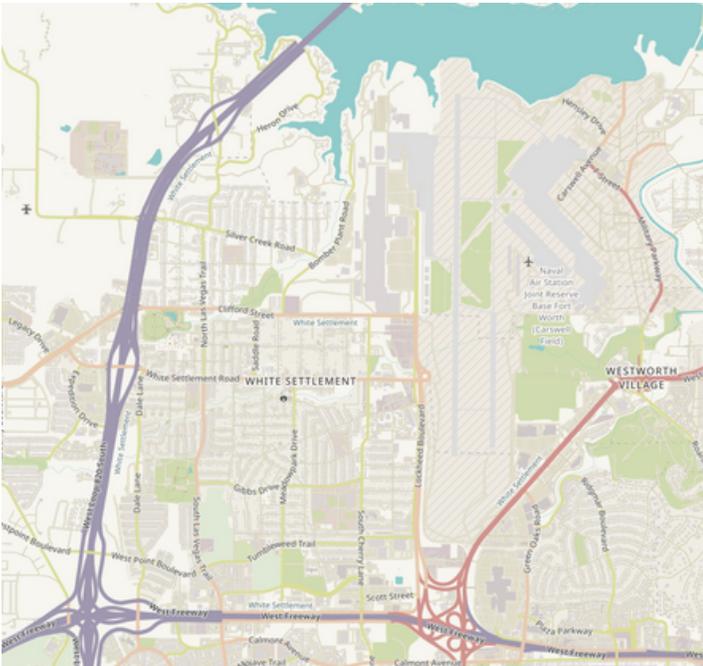

Sincerely,

Jeffrey J. James
City Manager

White Settlement City Profile

FY 2025–2026 Annual Budget

The City of White Settlement is located at the crossroads of Interstate 30 and Interstate Loop 820 on the western edge of the Dallas/Fort Worth Metroplex with all its culture and charm in addition to being on the "edge" of the West's wide-open spaces. White Settlement offers the best of all worlds - small town comfort, genuinely friendly people, quality public services, low crime, wonderful parks, terrific recreation, library and senior services programs, numerous restaurants, and several hotels. White Settlement affords an "edge" or advantage to businesses, relocating families and individuals, as well as visitors and conventioners.

White Settlement is fortunate by reason of its location and its access to the great Metroplex. Residents and visitors have easy access to numerous educational

institutions, world-class museums, Texas Motor Speedway, professional sports franchises, Dallas/Fort Worth International Airport and no end of entertainment options in nearby Fort Worth and Dallas.

The City of White Settlement was officially incorporated on May 24, 1941. However, the existence of the White Settlement community reaches back to the earliest days of the Texas Republic. Shortly after his 1836 election to the presidency of the Texas Republic, Sam Houston created a General Land Office and a generous land grant policy to encourage migration of pioneers to Texas. One such pioneer was Logan Vandiver. He took advantage of the state's homestead law, and on February 16, 1838, received a headright certificate for a 1,476 acre tract of land just west of the Trinity River (property on which the City of White Settlement was ultimately established). Because of strife between Indians and settlers at the time, a small stockade (Bird's Fort) was built to afford a modicum of protection for new landholders and other incoming settlers. To forge peaceful relations between the Indians and settlers, a treaty was negotiated and signed in September 1843, by the Republic of Texas and area Indian tribes. This action generated increased migration to the prairie lands of what are now Tarrant and Parker Counties by both white settlers and Native Americans. Even with the peace treaty in place, the influx of new people to the area stirred old hostilities and prompted construction of a small fort at the confluence of the Clear and West Forks of the Trinity River. On November 14, 1849, the War Department named this new facility Fort Worth. This historical chain of events evolved into two settlements, one occupied by white settlers and another encompassing a grouping of seven Indian villages. The "white settlement" area became a trading post and farming community, with a road (known then and now as White Settlement Road) leading to Fort Worth for the transport and exchange of farm products, livestock, and other items. From this early economic foundation, the area weathered the difficulties of pioneer life and agrarian development, World War I, and the depression of the 1930's.

White Settlement City Profile

FY 2025–2026 Annual Budget

Spurred by the World War II need for military aircraft, the White Settlement area grew rapidly from 500 people to a population of over 10,000. In 1941, the City of White Settlement was incorporated and was a neighbor to a new Consolidated Aircraft Corporation plant and a new Army airfield. A new housing area, known as "Liberator Village," was built in response to escalated housing demand and in honor of the B-24 or Liberator Bombers being assembled at the adjacent aircraft plant.

Over the years, the City of White Settlement has grown into a diverse urban community of about 18,000 residents under a Council/Manager form of government. Though surrounded by Fort Worth and other urban developments, White Settlement has not lost its small town sense of community and neighborliness. Residents care about one another and their community. Parks overflow during the summer with little league games and civic meetings are well attended. Residents are actively involved in their children's schools and extracurricular activities, and voluntarily participate in a wide variety of local programs and events within the City, schools and churches.

Constant improvements in all phases of the public domain continue to be the key to the development of the City of White Settlement. Many improvements have been made through the years in the mode of life in White Settlement. These include the construction of many churches, schools, various community facilities, family fun, fitness and entertainment opportunities, commercial/industrial buildings and firms.

We are growing and moving forward and should continue to do so. The untiring efforts of our predecessors in meeting and solving problems should inspire us in our efforts to face and resolve the challenges of each day. We must grow in a progressive manner or face the prospects of stagnation. We must grow to support a vibrant community of thriving businesses and quality neighborhoods. We must grow to ensure our citizens and visitors fulfilling family, fun and fitness opportunities. We must grow to encourage others in building and planning for the future. We must grow!

About White Settlement

FY 2025–2026 Annual Budget

ABOUT US

White Settlement is a community that holds true to small-town values while nurturing major growth and advancements in both residential and commercial development.

OUR MISSION

The government of the City of White Settlement exists to promote and sustain a superior quality of life. In partnership with the community and others, we pledge to deliver cost-effective services and quality facilities in a personal, responsive, and innovative manner.

In accomplishing this mission, the Mayor, City Council, City Manager, and City employees will be guided by these principles:

OUR PRINCIPLES

- Continuous community and personal improvement
- Fact-based decisions
- Fairness and Integrity
- Fiscal responsibility
- A focus on progressive thinking and positive solutions
- A long-term perspective
- Open, accessible government, where citizen participation is vital and strongly encouraged
- Respect for Others
- Teamwork
- Win-win partnerships with other public and private entities

Comprehensive Plan 2040

GOALS AND OBJECTIVES

WHAT IS A

COMPREHENSIVE

PLAN?

The Comprehensive Plan is a tool intended to be used by City staff, elected officials, and residents to guide future growth, and redevelopment of the City for the next 10 to 20 years. The primary way the Plan accomplishes this is by establishing a vision for the City and then providing guidance on how to grow in accordance with the vision. The vision was formulated from resident and stakeholder input regarding the City's unique assets, characteristics and their 20-year outlook for the City. The vision is a critical component of the Plan because it connects all the puzzle pieces together. These pieces consist of the community's desire, the City's existing physical and economic state, and the community's aspirations for the future, and together they help compose the overall big picture. The big picture is representative of where the City wants to be in the future. The vision is then supported by goals and objectives that the City should follow once the Plan is adopted so the vision can come to fruition.

A COMPREHENSIVE PLAN SHOULD

- Understand present conditions,
- Plan for changes that will occur during coming year,
- Prepare balanced strategies for community and economic development.
- Provide the type of growth that is desirable,
- Implement the strategies for achieving the goals set forth in the plan, and
- Share a common vision for the future of the community.

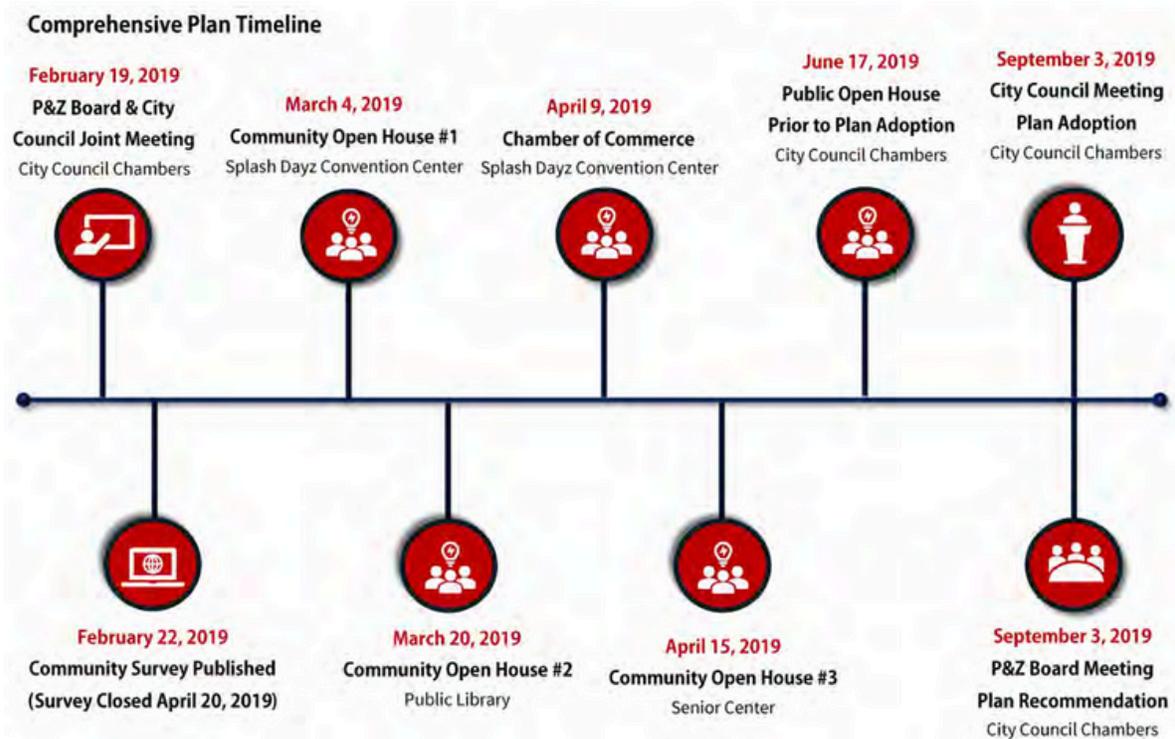

The City of White Settlement is the community of choice for anyone wishing to live in a unique, small town in the heart of the DFW metroplex. Easy access to regional amenities and nearby large cities makes living in White Settlement particularly advantageous. We enjoy:

- A connected network of parks, trails, and open spaces enhances residential life in neighborhoods that offer a variety of housing types and price points to encourage increased home ownership;
- A defined town center provides a community gathering place with locally owned shopping and dining locations;
- A safe City with necessary infrastructure and regulatory controls to maintain our economic and natural resources;
- Redevelopment opportunities and a land use pattern that supports high quality development within our current boundaries; and
- Retail and commercial uses that support the population of residents as well as visitors and those who travel through the City to work each day.

Comprehensive Plan

2040

GOALS AND OBJECTIVES

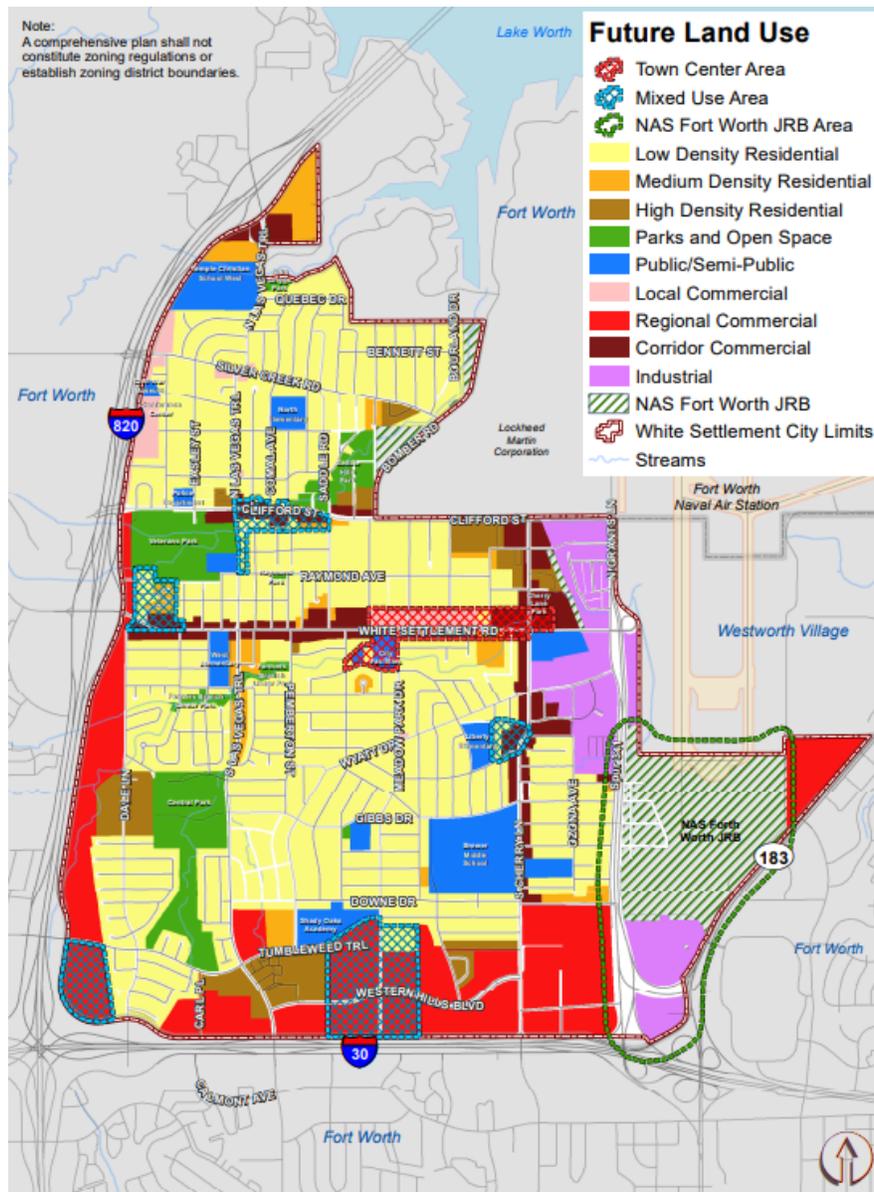

GOAL SUMMARY

- ✓ Improve and enhance the visual identity of commercial corridors.
- ✓ Establish Special Areas to promote vibrant, walkable destinations.
- ✓ Address incompatible land uses by re-examining land use patterns.
- ✓ Ensure adequate access to undeveloped parcels and opportunity sites.
- ✓ Promote and preserve access to nearby interstate systems.
- ✓ Enhance roadway design to increase connectivity and encourage alternative modes of transportation.
- ✓ Provide on-going maintenance for public infrastructure and facilities.
- ✓ Protect and strengthen neighborhoods to improve quality of life.
- ✓ Protect the City's natural assets and unique qualities that contribute to the City's hometown feel.

Land Use Strategies

FY 2025-2026 ANNUAL BUDGET

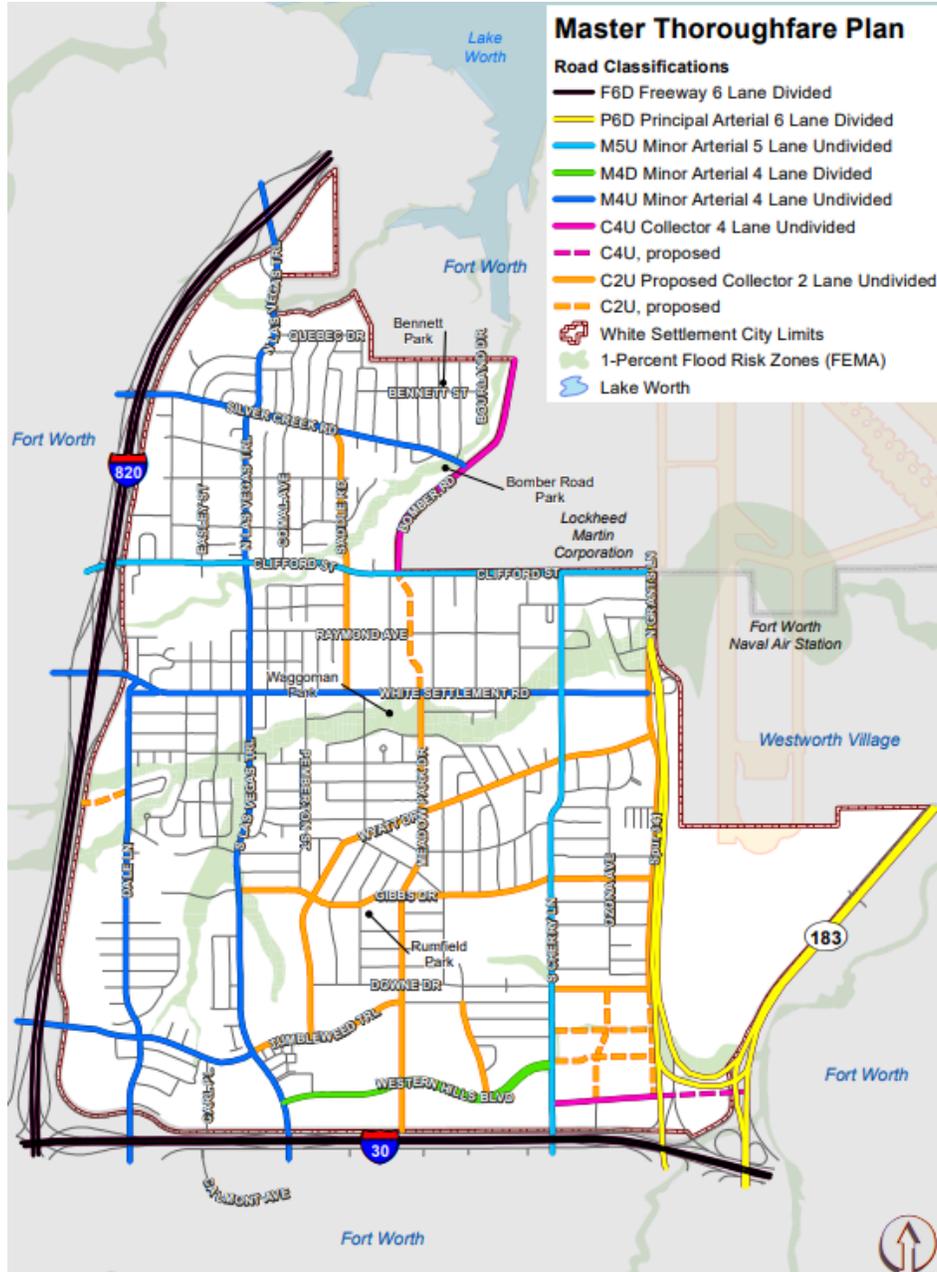

Development patterns have an intrinsic effect on the characteristics of a city. Identifying appropriate locations for housing, retail and commercial land uses is critical to ensuring compatibility and preserving quality of life for residents. Additionally, land use patterns help drive the economic engines of a city. Understanding the interrelatedness of certain activities, such as local commercial and regional commercial, helps identify the location criteria necessary for the success and growth

of that land use in the City. For example, regional commercial uses, such as a big box retailer, needs access and visibility to the City's arterial network to manage high traffic volumes and to attract the customer base necessary to financially sustain the business. Residential land uses need to be surrounded by other uses that will serve as a buffer from nonresidential uses to preserve the quality of the neighborhood.

Mobility

FY 2025-2026 ANNUAL BUDGET

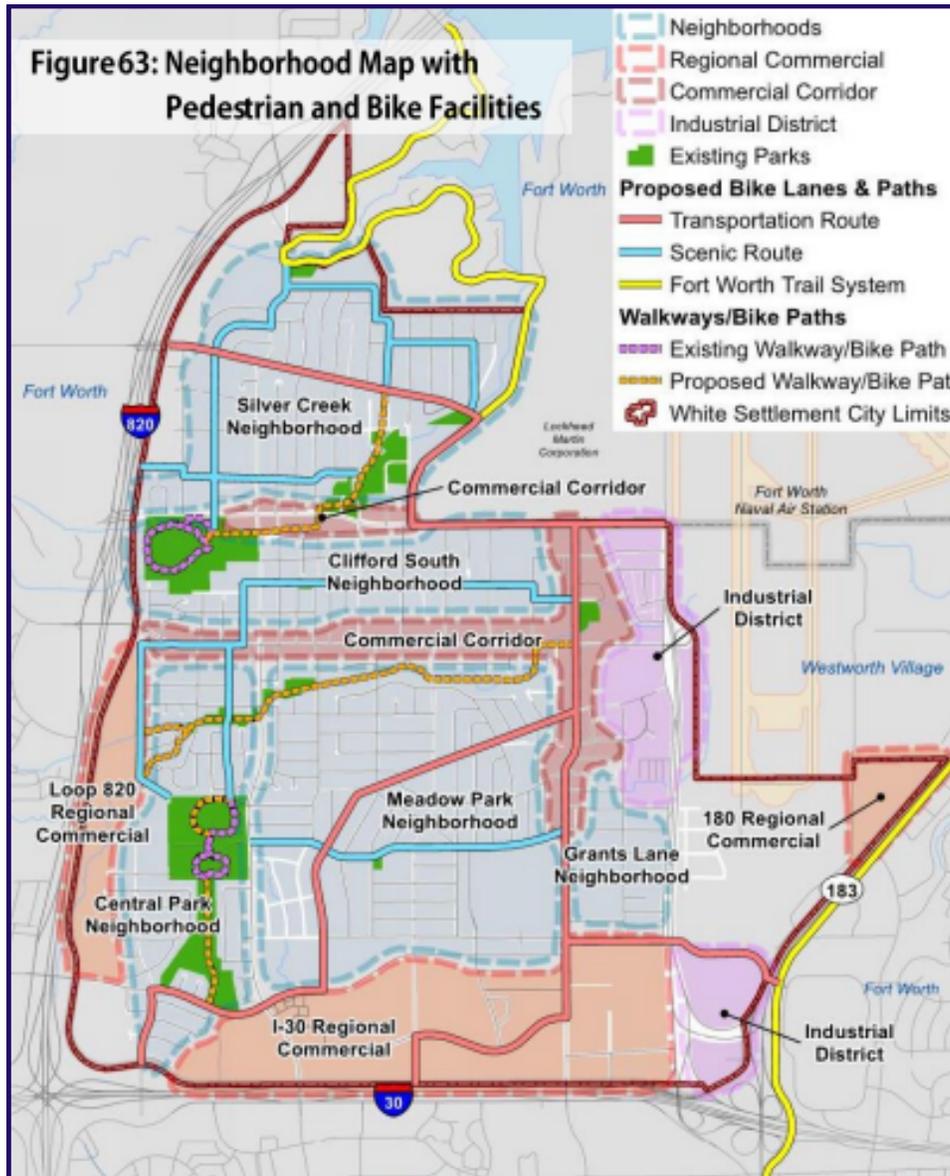

The master thoroughfare plan is the community's transportation policy direction and provides a long-term vision of the major and local street network necessary to meet future travel needs. Land use and transportation decisions are intricately related, because they directly influence and impact one another. By coordinating land use and transportation decisions, we can ensure the public resources are allocated effectively and that they provide the infrastructure network required to facilitate redevelopment objectives.

Community and Neighborhood Livability

FY 2025-2026 ANNUAL BUDGET

Since the majority of residential areas are built, White Settlement should continue retrofitting existing neighborhoods and increasing design standards for infill development. The City may support the creation of a neighborhood partnership program that encourages the City and residents to collaborate on community improvement projects to improve existing conditions. Coordinated efforts may include a tree planting program, streetscape improvements, painting the exterior of homes or public art

installations. A city staff member can be designated as the project manager to ensure completion of the project. Volunteer based programs are essential for existing neighborhood improvements. Working to establish partnerships between the City, residents and other local organizations may help raise funds, awareness and participation for improving, rehabilitating and preserving existing neighborhoods in White Settlement.

Summary of Policies

FY 2025-2026 ANNUAL BUDGET

BUDGETARY AND FINANCIAL POLICY GUIDELINES

The City of White Settlement's financial policies compiled below set forth the basic framework for the overall fiscal management of the City. The City maintains and updates financial policies as needed to govern the overall financial management and health of the City. Policies include:

[Donation Gift Policy](#)

[Fiscal and Budgetary Policy](#)

[Fraud Policy](#)

[Fund Balance Policy](#)

[Grant Submission and Acceptance Policy](#)

[ID Theft Policy](#)

[Internal Controls and Cash Handling Policy](#)

[Investment Policy](#)

[P-Card Policy](#)

[Purchasing Policy](#)

[Travel Policy](#)

[Unclaimed Property Policy](#)

Several of the Financial Policies have direct impact on the construction of the budget:

BALANCED BUDGET

The City aims to maintain a balanced budget and does not use long-term debt to fund short-term or operational expenses.

General Fund - Scenario 3 : Revenues + Appropriated Fund Balance = Expenditures

Water & Sewer Fund - Scenario 3 : Revenues + Appropriated Fund Balance = Expenses

Debt Service Fund - Scenario 2 : Revenues > Expenditures

OPERATING SERVICES

The City aims to maintain an operating reserve of at least equal to 40% (8% Debt Service) of budgeted annual operating expenditures, excluding debt service and transfers.

General Fund - 355 Days or 97.4%

Water & Sewer Fund - 344 Days or 94.4%

Debt Service Fund - 88 Days or 24.1%

DEBT

The City will balance the needs between debt financing and "pay-as-you-go" methods and maintain a minimum 1.25 debt coverage ratio.

No Revenue Bonds = Not Applicable

LIQUIDITY

The City maintains a liquidity reserve to ensure adequate cash is on hand to cover expenses in those months where expenses outpace revenues. The majority of the City's revenues are received in November through February through property taxes.

< 1 Day - \$37,030,102 or 59.6%

1 Day > 1 Year - \$15,059,372 or 24.2%

1 Year > 2 Years - \$10,018,512 or 16.2%

Planning & Budget Process

FY 2025-2026 ANNUAL BUDGET

- MARCH** Strategic Plan/Kickoff Meeting with Staff and/or Council
- APRIL** Departments prepare budgets based on kickoff meeting and needs
- MAY** Finance and City Manager review budget and make changes if needed
- JUNE** Council workshops which are open to the public to discuss preliminary budget
- AUGUST** Present proposed Budget & Tax Rate
- AUGUST** Public Hearings with Council and Residents
- SEPTEMBER** Approve Budget and Tax Rate, File Rates with TAD and County

STRATEGIC PLAN

The City has developed a comprehensive strategic plan that was created by citizens, elected and appointed officials, and staff during recent years. The plan documents and formalizes the goals and processes by which White Settlement will strive to enhance its quality of life. Its foundation is the City's mission statement and a set of policy statements.

MISSION AND POLICY STATEMENTS

The City's Mission Statement serves as a broad statement of purpose. There are six major defined policy statements intended to support the City's mission. Each describes in specific terms a desired ending state or result. The policy statements are the vision of White Settlement at its very best and represent the ultimate target at which all activities are aimed. Policy statements are addressed with goals and strategies and assigned to each city division. Each goal represents a specific Council or citizen direction given toward achieving the more general policy statement. Policy statements may or may not have specific goals and strategies planned for the upcoming fiscal year. More detailed planning and additional resources may be required to identify the goals and determine the necessary strategies to achieve them.

LINK TO THE BUDGET

City staff and elected and appointed City Officials rely on the policy statements to provide direction and guidance for recommending and authorizing the expenditure of public funds. The budget is the Annual Budget element of the strategic plans. It is prepared around the policy statements set by the City Council at its budget workshops. Community input is also a factor in determining use of resources. Not all policy statements are addressed in each Annual Budget element. The Annual Budget specifically defines the methods or processes by which the City Manager and City Staff will go about achieving the desired results for each policy statement.

GOALS, OBJECTIVES, AND PERFORMANCE MEASURES

Goals represent specific outcomes that will promote or enhance policy statements. Strategies are the specific actions needed to accomplish goals. Both goals and strategies are identified through strategic planning sessions with senior management team and key division staff guided by Council priorities. The Annual Budget is a detailed look at each operational area, or division, within the City's departments. Each division within the City has developed its own unique set of divisional goals which enhance its purpose and connection to the policy statements. Annually, each division reviews and updates these goals. City staff and elected and appointed City Officials rely on the policy statements to provide direction and guidance for recommending and authorizing the expenditure of public funds. The budget is the Annual Budget element of the strategic plans. It is prepared around the policy statements set by the City Council at its budget workshops. Community input is also a factor in determining use of resources. Not all policy statements are addressed in each Annual Budget element. The Annual Budget specifically defines the methods or processes by which the City Manager and City Staff will go about achieving the desired results for each policy statement.

Planning Process Continued

LONG RANGE PLANNING

The City uses a three-year planning horizon to prepare the capital projects program and financial forecasts. The three-year capital projects program and the anticipated funding sources are adopted by separate plans. The capital planning process is discussed in more detail in the Capital Improvements section. The following provides an overview of the City's strategic plan policy statements and the goals and strategies planned for the upcoming year.

BOND RATING INFORMATION

The City's goal is to fund capital improvement projects on a "pay-as-you-go" basis whenever possible. For large infrastructure projects or large pieces of equipment, debt financing is sometimes required. The City's debt management objective is to maintain levels of debt service that does not adversely impact tax or utility rates and does not hinder the City's ability to effectively operate the utility systems, street network, or other facilities. Debt financed projects must meet the City's long-term financing criteria as included in the Fiscal and Budgetary Policy.

When the City of White Settlement utilizes long-term debt financing, it will ensure that the debt is soundly financed by conservatively projecting the revenue sources that will be utilized to pay the debt and financing the improvement or equipment over a period of time not greater than the useful life of the asset.

**BUDGET
PROCESS**

SUMMARY

The budget is a financial plan for a fiscal year of operations that matches all planned revenues and expenditures with the services provided to the residents of the City based on established budgetary policies. The City Charter establishes the City of White Settlement's fiscal year as October 1st through September 30th. Upon receipt of the proposed budget, the City Council is required to set a date and place for a public hearing. A public notice of the hearing date must be published at least ten (10) days prior to such hearing. At the hearing, the Council gives all interested persons an opportunity to be heard for, or against, any expenditure account or revenue estimate. The City Charter binds the City Council to adopt a budget prior to the beginning of the fiscal year. The City Council will normally approve the tax rate for the coming fiscal year and adopt the budget ordinance during the same meeting.

Budget Process Continued

BUDGET PREPARATION

The City Manager's Office and Finance Department perform the functions of preparing and analyzing the 2025-2026 budget. The budget process is initiated in March with the distribution of budget preparation packages to department heads and directors. In May, the City Manager prepares back-up information for the City Council and schedules work sessions to discuss the direction of the budget for the upcoming fiscal year. Work sessions begin in April with the Finance Department, City Manager, and each department supervisor to review line items for both the current budget and the proposed budget to determine if service levels were to be maintained, improved, or reduced. Revenues are projected as accurately as possible in order to set priorities for proposed expenditures. Issues are addressed in workshops beginning in May between the city staff and City Council. The City Manager and Department Heads must identify and prioritize programs, projects, and equipment necessary to accomplish their goals and objectives plus those established by City Council. The budget must be developed within the limitations of available resources. Each Department Head is responsible for divisions that are under their scope of authority. Each line item of maintenance and operations are justified on budget worksheets. All capital items are separately identified and justified. The City Council retains final authority on the budget.

BUDGET ADOPTION

Public notices of the no new revenue tax rate are published in the local newspaper according to state law. Workshops to discuss the budget were held in June. A public hearing on the budget was conducted according to state and local laws in August. The proposed Tax Rate exceeded the No New Revenue Tax Rate but was equal to the Voter Approval Tax Rate, so one public hearing was held as required by state law. A meeting of the governing body to discuss the tax rate was held in August at which time the Council proposed the adoption of the property tax rate that is above the No New Revenue Tax Rate but equal to the Voter Approval Tax Rate. The Fiscal Year Budget for 2025-2026 and the tax rate were adopted by the majority consent of the City Council on September 2, 2025.

PROPERTY TAX RATE

A property tax rate consists of two components: a rate for funding maintenance and operations expenditures and a rate for debt service. State Property Tax law dictates certain procedures that must be followed when proposing and adopting a tax rate. The City must annually calculate and publicize its "no new revenue tax rate" and "voter approval tax rate." The City Council may not adopt a tax rate that exceeds the lower of the voter approval tax rate or 103.5% of the no new revenue tax rate until it has held a public hearing on the proposed increase following notice to the taxpayers. The voter approval tax rate is the rate that will produce last year's maintenance and operations tax levy as adjusted from this year's value multiplied by 1.035 plus a rate that will produce this year's debt service from this year's values divided by the anticipated tax collection rate.

Budget Process Continued

BUDGET AMENDMENT

Once the annual budget has been adopted, there are several methods by which the budget may be amended. In the internal form, the City Manager is authorized by the City Council to make adjustments between departments within an operating fund or line items within an operating department. Typically, these requests are generated at the department head level and submitted to the City Manager for consideration after the Finance Department has reviewed the request and recommended approval. In no case, however, may the budget adjustments result in the budgeted expenditures exceeding the lawfully adopted expenditures appropriated for the fund. The City Council may amend the budget by ordinance during the fiscal year if such expenditures are necessary to protect public property or the health, safety, or general welfare of the citizens of White Settlement. The actual process begins in the same manner as an internal amendment, from department head submission through finance review to the City Manager. The City Manager then submits the request to the Mayor and City Council as part of a budget amendment public hearing.

BASIS OF BUDGETING

- Revenues are recognized in the budget period when they are earned and measurable.
- Expenditures/Expenses are recognized in the budget period when the liability is incurred.
- Depreciation of assets is not budgeted.
- Capital outlay is budgeted as an expense in the year purchased.
- Principal payments are budgeted as an expense rather than a reduction to the liability.
- Proceeds from bond sales are budgeted as revenue.
- Transfer of bond proceeds to the Capital Projects Fund is budgeted as an expense.

BASIS OF ACCOUNTING

- Governmental and fiduciary funds are accounted for using the modified accrual basis according to Generally Accepted Accounting Principles (GAAP).
- Revenues are recognized in the budget period when they are measurable and available.
- Revenues subject to accrual include taxes, charges for services, and interest revenue.
- Expenditures are recognized in the accounting period in which the liability is incurred, if measurable.
- Capital outlays are recorded as additions to capital assets at fiscal year-end and the cost of those assets are depreciated over their estimated useful lives for the government-wide financial statements.
- Proprietary funds are accounted for using the accrual basis according to Generally Accepted Accounting Principles (GAAP).
- Available balances are determined using cash equivalent approach: cash + investments + accounts receivable + prepaid expenses - accounts payable = cash equivalent available.
- Revenues are recognized in the period in which they are earned and become measurable.
- Expenses are recognized in the period in which they are incurred and measurable.
- Proprietary funds also record depreciation and amortization.
- Payment of principal is recorded as a reduction to the long-term liability.

FUND DESCRIPTION

General Fund

The General Fund is a governmental fund. It is established to account for all resources obtained and used for those services commonly provided by cities which are not accounted for in any other fund. The General Fund uses a modified accrual basis of accounting. These services include General Government, Public Safety, Public Works, and Culture & Recreation

Capital Project Funds

The Capital Projects are governmental funds and established to account for capital projects. The projects included in the capital projects budget are intended to improve or expand the city infrastructure, provide for significant maintenance requirements, or provide for the acquisition of large pieces of equipment.

Capital Bond Fund

This fund accounts for the proceeds from bonds issued by the City and related capital expenditures for general governmental projects paid for with bonds.

Water/Wastewater Capital Bond Fund

This fund accounts for the proceeds from revenue bonds issued by the City and related capital expenditures for water and wastewater utility projects.

Street Improvement Fund

This fund accounts for the Water & Sewer Franchise Tax Revenues designated for street improvement projects.

Debt Service Fund

The Debt Service Fund is used to account for accumulations of resources that will be used to pay debt obligations of the general government.

Proprietary Funds

Water & Wastewater Fund

This fund accounts for the provision of utility billing, meter services, water, wastewater, and sanitation services to the residents of the City. The City utilizes groundwater from wells and surface water from Fort Worth. Fort Worth also treats the City's sewer.

Splash Dayz Fund

This fund accounts for the operations and maintenance of the City water park and convention center. The water park was constructed in 2013-2014 with the hopes of leasing the operations to a third party. The City took over operations of the park starting the summer of 2016.

Stormwater Fund

This fund accounts for the operations and maintenance of the City's stormwater system. In 2005-2006, the City created the fund and implemented a stormwater fee to fund the operations and capital project needs of the City to reduce flooding and erosion.

Internal Service Fund

This fund accounts for the vehicle and equipment replacement program. In 2019-2020, the City created the fund to better allocate resources to replace vehicles and equipment. The City's enterprise lease program is funded here.

Major Fund Types

Major funds represent the significant activities of the City and basically include any fund whose revenues or expenditures, excluding other financing sources and uses, constitute more than 10% of the revenues or expenditures of the appropriated budget.

General Fund - 28.1%
Capital Bond Funds - 25.8%
Enterprise Funds - 28.1%

Special Revenue Funds

Special revenue funds are used to account for specific sources that can be legally spent for designated purposes only. All special revenue funds use the modified basis of accounting and budgeting.

Economic Development Corporation Fund

This fund accounts for the collection of .5% sales tax for economic development corporations. Funds are used to promote economic development based on laws.

Hotel/Motel Occupancy Tax Fund

This fund accounts for the levy and collection of excise tax upon hotels and motels. The 7% excise tax is collected for the purposes of promoting tourism.

Crime Control Prevention District

This fund accounts for the collection of .5% sales tax for crime control. Funds are used to prevent crime and funds eight officers in the General Fund.

Budget Insights

FY 2025-2026 ANNUAL BUDGET

MESSAGE FROM THE FINANCE DEPARTMENT

The City strives to maintain the adoption of the voter approval rate which is 3.5% increase compared to the prior year, which was reduced from 8% in FY 2021. This allows the City to provide a consistent tax rate and bring in the necessary revenues to fund the City services. The City has chosen to focus on the areas detailed below.

The City Council and staff are dedicated to presenting and executing a balanced budget each year. This ensures all decisions made are sustainable for the future.

The City has committed to raising pay to the median market salaries for all staff and trying to ensure continued cost of living adjustments in the future to maintain our standing in the market. This should help recruit and retain staff at the City to provide better service to our residents.

The City is committed to investing funds into public works projects for water, sewer, streets, stormwater, and meters. The City has an aging infrastructure and needs resources to maintain and improve the system for current and future residents of the City.

The City is committed to maintaining the service levels of the police department and our full-time fire department. This ensures the safety of current and future residents of the City.

The City is continuing to make strides towards bringing in more development for the growth and improvement of amenities within the City. The City is working with a consultant to bring in new developments and fresh ideas to capitalize on the City's location within DFW Metroplex.

WHERE DOES THE FUNDING COME FROM?

Property Taxes and Charges for Services make up over 20.33% of the City's revenues sources with the majority of that coming from residential properties. Sales Taxes make up over 11.87% from sales in the City. Transfers In are funds moved between funds and not a tangible revenue source.

WHERE DOES THE FUNDING GO?

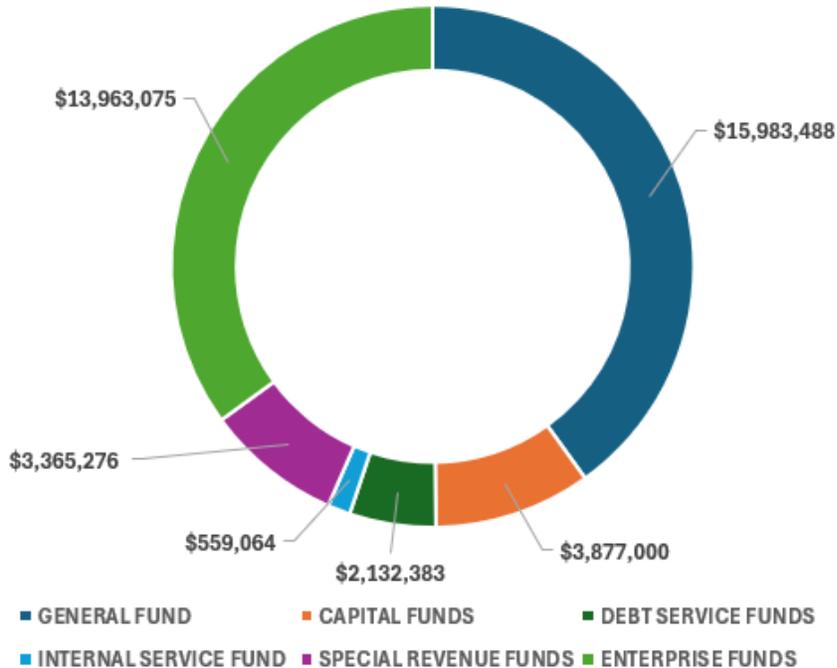

Personnel is the largest expense for the City at over 28.70% with Contractual Services coming in second at over 22.69% due to obtaining water and wastewater treatment services from the City of Fort Worth.

Budget Highlights

FY 2025-2026 ANNUAL BUDGET

REVENUES

PROPERTY TAXES

Property tax collections are projected to increase due to an improving economy, anticipated growth and new construction. General Property Taxes are assessed on real and personal property as of January 1 each year. The maintenance and operation tax for the General Fund is set by the City Council. Property Tax Revenue comprises 53.35% of the 2025-2026 General Fund revenues. Each year the tax rate, as approved by the City Council, is largely dependent upon re-evaluation by the Tarrant Appraisal District to reflect current market values. Other key components are personal property, new construction and improvements to existing structures. The Appraisal District estimates that the net taxable value for levying purposes. As the City continues to use fund balance to operate the water park, city management and Council have continued to adopt the voter approval tax rate to minimize the use of fund balance. All tax information relative to budgetary decisions is not available until July 25th of each year when the certified tax roll is received from the Chief Appraiser. At that time, other revenue sources and expenditure priorities are considered in preparing a tax rate for the new budget year. Taxable values have greatly increased for the City which is good for attracting more development. Values are set by Tarrant Appraisal District and individual accounts cannot increase more than ten percent in one year for homes with homestead exemptions.

CHARGES FOR SERVICES

Charges for services include water and sewer revenues, park and recreation fees, building rentals, library revenues, storm water fees, and water park revenues.

Budget Highlights

FY 2025-2026 ANNUAL BUDGET

SALES & USE TAXES

Revenue from the City's 1%, Economic Development Corporation's .5%, and Crime Control Prevention District's .5% are projected to equal \$5,760,000, a decrease of \$640,000 or -10% from the prior year. This revenue is dependent on the level of wholesale and retail sales. In September 2016, Westworth Village stopped paying Walmart and Sam's Club tax payment per the 2004 agreement which has impacted revenues. In 2020, a new agreement with Westworth Village was made and payments have resumed until the contract ends in October 2025.

FRANCHISE FEES

Franchise Taxes are collected primarily from utilities and are fees charged for the privilege of continued use of public property. The City collects a 5% fee on the gross receipts of the cable television utility, 12% fee on commercial refuse service, a 4% fee on the gross receipts of the electric utility, and a 5% fee on the gross receipts of the gas utility. The certificate telecommunication providers pay a fee-per-access line rate as required by HB1777 adopted on September 1, 1999. Franchise Tax Revenue includes revenue collected from electric, telephone, gas, solid waste, and cable franchise agreements with local providers. The City is expecting a slight decrease in franchise fees. The City also collects 5% water and sewer franchise fee on the utility bills that is used fund street projects. Due to new legislation, telephone franchise fees are lower as companies no longer have to pay both cable and telephone fees.

The City forecasted flat revenues based on minimal change over the last 10 years. In 2019, the legislation was changed so companies that pay both cable and telephone franchise fees would only pay one according to highest franchise fee based on the state revenues. Coupled with the fact that phone landlines are becoming non-existent, the City has seen a decline in revenues for franchise fees since 2020.

FINES & FORFEITURES

Fines are revenues received by the City from the Municipal Court from Class "C" misdemeanor violations occurring within the corporate City limits. Class "C" misdemeanors typically result in fines of less than \$200, but in some cases can reach \$2,000. Fines and Forfeitures are mainly made up of traffic fines, general fines, parking fines, and code violations. Based on varied trends in the past 10 years, the City is forecasting a flat trend in revenue to avoid depending on a variable revenue source.

LICENSES & PERMITS

License and Permit revenues include fees charged by the City contractor for registration, business licenses and permits for general construction. Fees are charged for City inspection of electrical, plumbing, and mechanical installations. Major sources of revenue are from building, residential, alarm, certificates of occupancy and mowing fees. Building permit revenue is based on development within the City limits, and recent years have seen a wealth of activity. However, because growth cannot be sustained at such a rate, the City continues to budget building permits conservatively in anticipation that alternating years may ebb and flow with great variance. The City implemented a Tax Increment Reinvestment Zone (TIRZ) to stimulate development in the southern portion of the City, but the City has not initiated any projects in the TIRZ and no budget is adopted for the TIRZ in FY2026.

Budget Highlights

FY 2025-2026 ANNUAL BUDGET

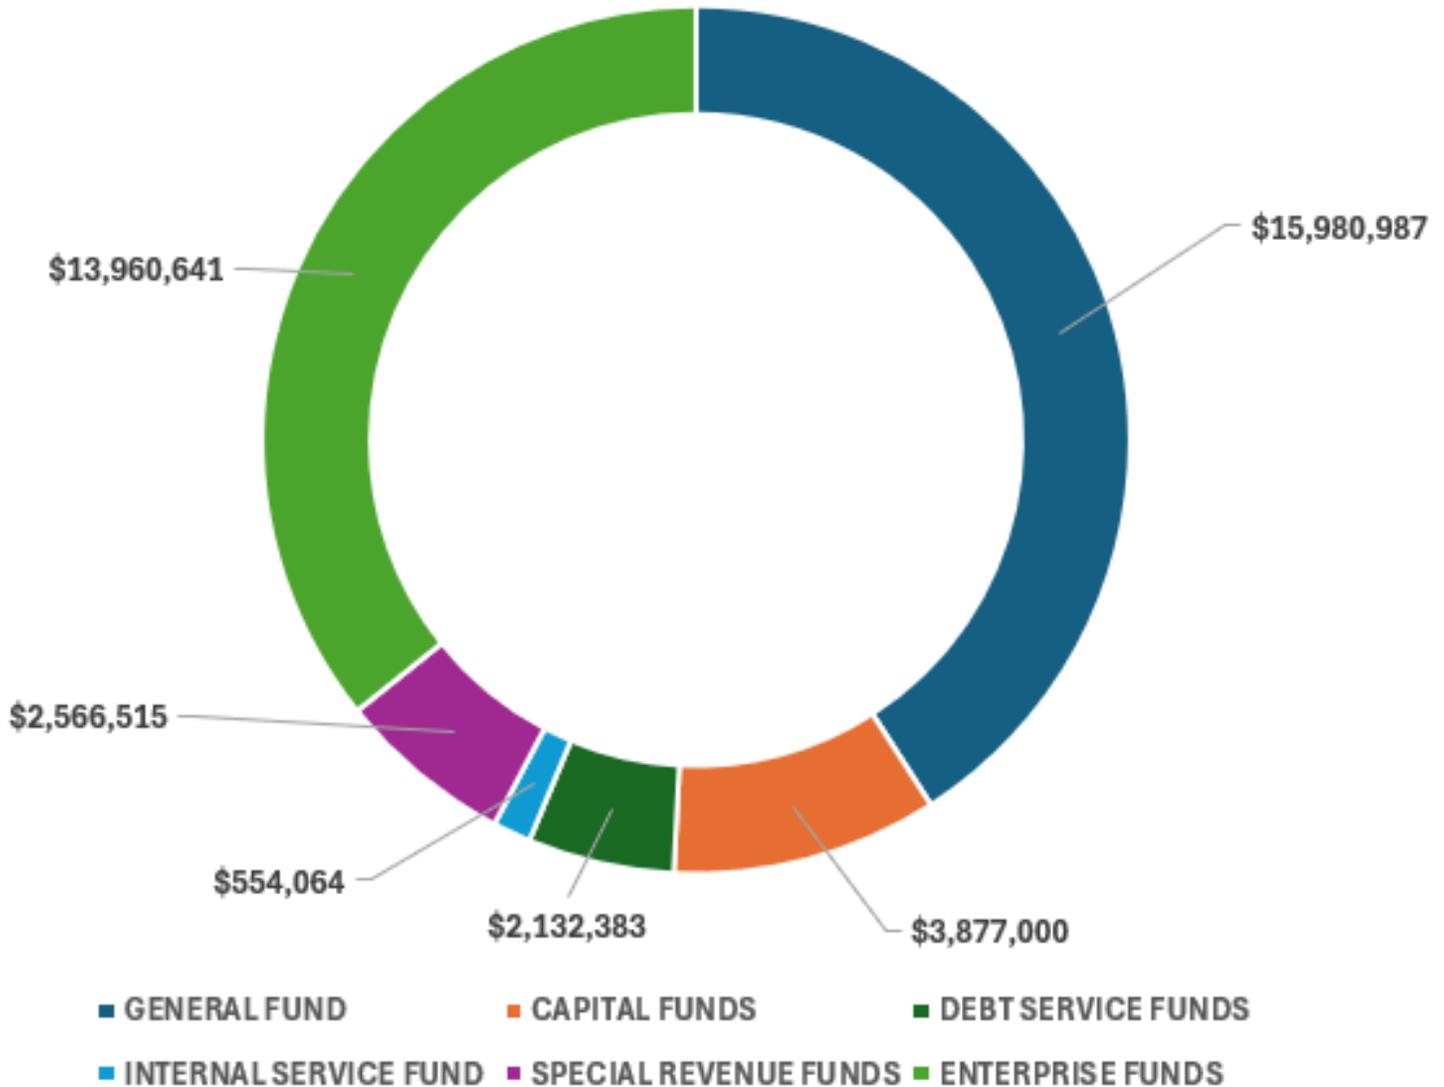

INTEREST INCOME

Interest rates have been on the rise in recent years which has resulted in additional investment earnings. The City continues to budget interest income conservatively.

OTHER REVENUE

Other revenue major sources of income include oil and gas royalties and sale of assets. These are budgeted based on history.

EXPENDITURES

Budget Highlights

FY 2025-2026 ANNUAL BUDGET

PERSONNEL

Across all funds, **personnel** makes up 38.5% of expenses in the current budget. However, in the General Fund personnel makes up 70.29% of the current budget and 67.5% of the prior budget. This increase is due to increases in medical insurance cost at no pass-through to the employee, an increase in our fiscal year retirement contribution rate, and the adopted STEP plan for the Public Safety departments. Below you can see a break down by function of salary and benefit expenses.

The current budget does not program a cost of living adjustment for full-time employees but does include the standard STEP increases for Dispatch, Police, and Fire Departments with lower ranks having a 2.5% spread and higher ranks having a 5% spread. New in FY2026, a transfer from the EDC to the General fund in the amount of \$302,820 funds Park Maintenance positions.

CONTRACTUAL SERVICES

Of note in **Contractual Services** is an increase in the Fire Department's budget for \$460,000 slated for EMS services per the regional contract with the City of Fort Worth. Prior to June 2025, EMS was fee based only in the County and provided by an independent provider.

MATERIALS AND SUPPLIES

The departments were instructed to reduce their **Materials & Supplies** budget by 10% compared to FY2025 and that reduction is reflected in the Adopted FY26 Budget.

CAPITAL OUTLAY

in the operating funds decreased across the board in order to make room for the new EMS payment as well as capture built in escalators in the Contractual Services category for items like insurance, software as a service, and miscellaneous vendor agreements. Capital Outlay spending in the Capital Funds is based on the year of the CIP and fluctuates based on project scopes and timelines.

DEBT SERVICE

Debt service payments increased from the prior year budget of \$2,663,965 to \$3,170,769 due to an increase in bond payments from the new \$7.45M CO issuance in March 2025. Of the total debt service liability, \$1,038,386, or 33%, is paid from utility revenues.

Multi-Year Financial Plans

FY 2025–2030 ANNUAL BUDGET

LONG RANGE PLANNING SUMMARY

The Financial Forecast for the City of White Settlement covers a five-year timeframe including the City's General Fund, Water & Sewer Fund, Stormwater Fund, Splash Dayz Fund and a summary of other funds. The major funds are presented separately from the summary of the smaller funds. The forecast of these funds is intended to:

- Provide City Council and City Management a meaningful tool in establishing priorities, allocating resources, and providing direction and strategies in the administration of City government.
- Provide insight into the long-term financial implications of current priorities, policies and programs.
- Provide an understanding of available funding, financial risk, assess the likelihood that services can be sustained, assess the level at which capital investment can be made, identify future commitments and resource demands, and identify variables that may cause changes in the levels of revenues.
- Provide an early warning system for potential problem areas to watch where alternative strategies may need to be developed or where issues can be proactively addressed and planned for.
- Assist in strategic decision-making and long-range planning efforts by allowing City Council, management, and departments to see how programs fit within the overall context of City finances.

The forecast provides a solid planning tool by building upon the proposed budget and then projects future resources and expenditures based upon known reasonable trends and continuing the City's current services and service levels. The forecast for each fund also incorporates the debt and operating costs associated with capital improvement projects in the City's five-year Capital Improvement Program (CIP), thus, these forecasts provide City Council and management the opportunity to look into the future based on today's and past decisions and apply strategies and sound fiscal management to maintain the strong financial health of the City.

This forecast is not intended as a budget. Rather, the multi-year forecast is a valuable tool, based on a set of well-reasoned assumptions, upon which policy and strategy may be formulated. The forecast is a vital component of the City's financial management strategy.

OVERVIEW

The General Fund, Water & Sewer Fund, Stormwater Fund, and Splash Dayz Fund forecasts form the "core" of this document.

The General Fund is the general operating fund of the City and is used to account for all financial activity not reflected in other funds. The fund consists of the following major functions: general government, public safety, public works, and culture & recreation.

The Water & Sewer Fund includes water and sewer system operations and is operated in a manner similar to private business enterprises, where services to the public are financed primarily through user charges. The fund consists of the following departments: utility billing, meter services, water, wastewater, environmental, sanitation, debt service, and non-departmental.

The Stormwater Fund includes stormwater system operations and is operated in a manner similar to private business enterprises, where services to the public are financed primarily through user charges.

The Splash Dayz Fund includes water park operations and is operated in a manner similar to private business enterprises, where services to the public are financed primarily through user charges. The fund consists of the following departments: administration, convention center, facilities, food & beverage, lifeguards, front gate, cash control, and EMT.

It is important to note that the numbers in these multi-year forecasts are estimates based on various assumptions and are not representation of fact. The picture reflected in these forecasts portray a scenario if all assumptions hold true. Therefore, the importance of the forecasts lies not in the numbers, but in the discussion, it encourages on the policy issues and strategies that can be implemented in the event these scenarios become reality.

Based on these assumptions, the forecast shows that the City will be able to accomplish the following:

- Fund existing services at current service levels
- Meet current and future anticipated debt service obligations
- Fund a Multi-Year Capital Improvement Program and associated operating expenditures
- Meet cash reserve and bond coverage requirements
- Meet a 10% reserve policy in the Debt Service Fund
- Operate and maintain existing City facilities

FORECAST METHODOLOGY

As part of the formulation of these forecasts, the forecast methodology includes estimating the future values of revenues and expenditures. The forecast provides an estimate of how much revenue will be needed/required in order to meet expenditures and reserve and bond coverage requirements over the forecast period. The value of forecasts is in estimating whether, given assumptions about financial policies and economic trends, the City will have sufficient resources to meet the resource requirements of ongoing, planned or mandated programs.

In the City's forecasts, there is a mixture of methodologies, including historical and factual information, knowledge of anticipated events, and judgment. The methodologies incorporate information gathered on anticipated population growth and building permits. Anticipated sales tax from retail sales, anticipated valuations, and other variables were identified to try to minimize the risk of overstating or understating revenue.

Much like revenue, the expenditures projections for the General Fund and Water & Sewer Fund are based on historical trends, anticipated events, assumptions about the future, and other judgments staff deemed appropriate. Salary projections are based on anticipated cost of living adjustments and pay plan step increases, and benefits were broken out separately to account for the ever-changing behavior of certain benefits, such as TMRS and health care benefits. The City may attempt to enact some controls to prevent the anticipated growth of operating expenses, but such controls are not assumed in the plan.

Property tax revenues are dependent on the net assessed property valuation assumptions, which are derived from revaluation of existing property, but the forecasts have only taken into account the 3.5% cap mandated by the State of Texas.

Fund Balance Changes

FY 2025-2026 ANNUAL BUDGET

FUND	FUND BALANCE (09/30/2025)	REVENUE	EXPENDITURES	OVER / (UNDER)	PROJECTED FUND BALANCE (09/30/2026)
General Fund (01)	\$7,528,622	\$15,983,488	\$15,980,987	\$2,501	\$7,531,123
Utility Fund (02)	\$17,690,072	\$10,619,824	\$10,617,547	\$2,277	\$17,692,349
EDC (04)	\$2,736,735	\$1,473,312	\$768,515	\$704,797	\$3,441,532
Hotel Occupancy (05)	\$374,766	\$396,000	\$395,286	\$714	\$375,480
Debt Service (06)	\$345,384	\$2,132,383	\$2,132,383	\$0	\$345,384
Splash Dayz (07)	\$349,767	\$1,672,695	\$1,672,538	\$157	\$349,924
CCPD (08)	\$1,668,531	\$1,473,312	\$1,380,062	\$93,250	\$1,761,781
Capital Bond (09)	\$9,292,356	\$1,900,000	\$1,900,000	\$0	\$9,292,356
Street Improvement (10)	\$1,227,381	\$427,000	\$427,000	\$0	\$1,227,381
Court (19)	\$35,270	\$22,652	\$22,652	\$0	\$35,270
Stormwater (23)	\$4,781,832	\$1,670,556	\$1,670,556	\$0	\$4,781,832
Internal Service (33)	\$1,498,141	\$559,064	\$554,064	\$5,000	\$1,503,141
Utility Capital Bond (34)	\$2,437,005	\$1,550,000	\$1,550,000	\$0	\$2,437,005
Total	\$49,965,862	\$39,880,286	\$39,071,590	\$808,696	\$50,774,558

Minimal changes in Fund Balance are projected across all funds because the City aims to adopt a balanced budget in every fund, every year. Below are highlights on any major additions or subtractions to current year Fund Balance:

- Not shown in the chart above but material enough to note is the reduction in Fund Balance of the General Fund between FY25 and FY26 of -\$3,549,736 for land purchases authorized by the City Council.
- The EDC Fund was relieved of the debt service burden a year ago, and even with an operating subsidy to the Splash Dayz Fund for day-to-day water park expenses, the EDC fund is projected to add \$704,797 to fund balance in FY26. The EDC Fund contains minimal programming and is therefore adding to fund balance.
 - In FY26, an EDC transfer to the General Fund also provides funding for Park Maintenance.
- Splash Dayz Fund is projected to have no change in fund balance due to a balanced budget being adopted using the operating subsidy from the EDC Fund.
- The Crime Control Prevention District chose not to fund a 9th officer in FY26 as originally proposed by staff, so an add to fund balance of \$93,250 is projected in FY26.

General Fund Combined

ORGANIZATIONAL CHART

DESCRIPTION

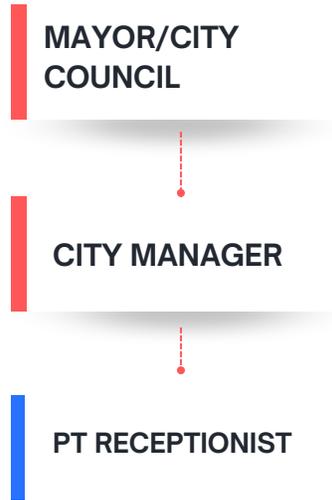

The City Council is the governing body elected to oversee general administration of the city and represent the interests of residents. The city council is committed to the health, safety and welfare of the community through sound infrastructure and public safety by addressing water, sewer, streets, fire and police services; establishing priorities, accountability measures and determined financial resources for sustainable services and growth. City council is composed a mayor and five council members who are elected at-large and serve three-year terms. Operating under the council-manager form of government, the council enacts local legislation, adopts the operating budget and sets policy. Day-to-day operational matters are vested in a city manager who is appointed by and reports to the city council.

City Manager

FY 2025-2026 ANNUAL BUDGET

ORGANIZATIONAL CHART

DESCRIPTION

The City Manager’s Office is responsible for linking the goals and vision of the City Council with the administration, programs, and policies of the operations of the City of White Settlement's local government. The City Manager's Office executes Council directions; administers and is accountable for the financial integrity of the City's annual budget; develops and recommends solutions to address the community needs; provides information to Council and residents on city transactions, activities, existing conditions, events, future requirements and issues that might affect the City. The City Manager's Office also fosters an atmosphere of "responsible city government", as evidence by an emphasis on implementing City Council direction, encouraging citizen engagement, improving organizational transparency and promoting diversity within the operational and organizational departments.

ORGANIZATIONAL CHART

DESCRIPTION

The City Marshal’s office is responsible for bailiff duties, security and police presence during court sessions, warrant services, and fire marshal duties. The City Council created the City Marshal’s office through the City Charter with all duties related to the resolution and collections of outstanding warrants via means of communication, negotiation, concession and/or conciliatory means to maximize collections for the City. The Office’s mission is to protect and serve the community’s quest for a peaceful and safe existence, free from fear, and with democratic values applied equally to all citizens.

SERVICES PROVIDED

- Assist municipal court with warrants and court security
- Security for city government buildings
- Backup for police with calls for service
- Environmental crimes investigations
- Address homeless camps with police and code compliance
- Enforcement/removal of abandoned or junk vehicles
- Assist code and public works during high risk actions
- Relocate vehicles during public works projects
- Deliver daily bank deposits
- Liaison for Tarrant County Constables Office, Tarrant County MHMR, Fort Worth Police Crisis Intervention Team
- Assist other outside law enforcement agencies on arrest warrants
- Member of the W.S.P.D. Hotel/Motel Crimes Taskforce
- Review and approve fire plans for new commercial developments
- Fire sprinkler system compliance
- Commercial certificate of occupancy inspections
- Annual commercial, educational and daycare facility inspections
- Investigate and pursue criminal charges on arson cases
- Conduct fire prevention programs with the White Settlement Fire Dept.
- Assist White Settlement Fire Dept on fire and medical scenes
- Member of the Tarrant County Arson Task Force

Municipal Court

FY 2025-2026 ANNUAL BUDGET

ORGANIZATIONAL CHART

DESCRIPTION

The Municipal Court is created by City Charter charged with jurisdiction over violations of City ordinances, traffic laws, class C misdemeanors, and similar statutes within its legal boundaries. The Court is presided over by a City Council-Appointed Municipal Court Judge. The Municipal Court’s mission is to act as an impartial forum to address legal charges brought against an individual. The Court schedules appearances before a judge, summons jurors, collects fines as levied, issues writs and warrants, and performs any administrative duties as necessary.

SERVICE PROVIDED

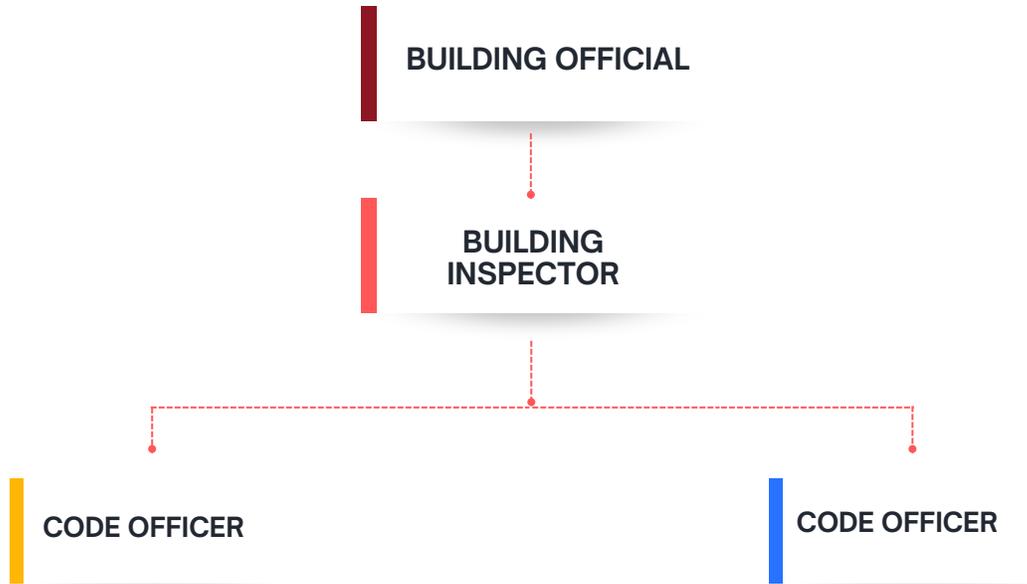

- Docket / case flow management
- Juvenile case processing
- Access to court
- Mandatory reporting
- Warrant maintenance
- Compliance with court orders

Code Compliance

FY 2025-2026 ANNUAL BUDGET

ORGANIZATIONAL CHART

DESCRIPTION

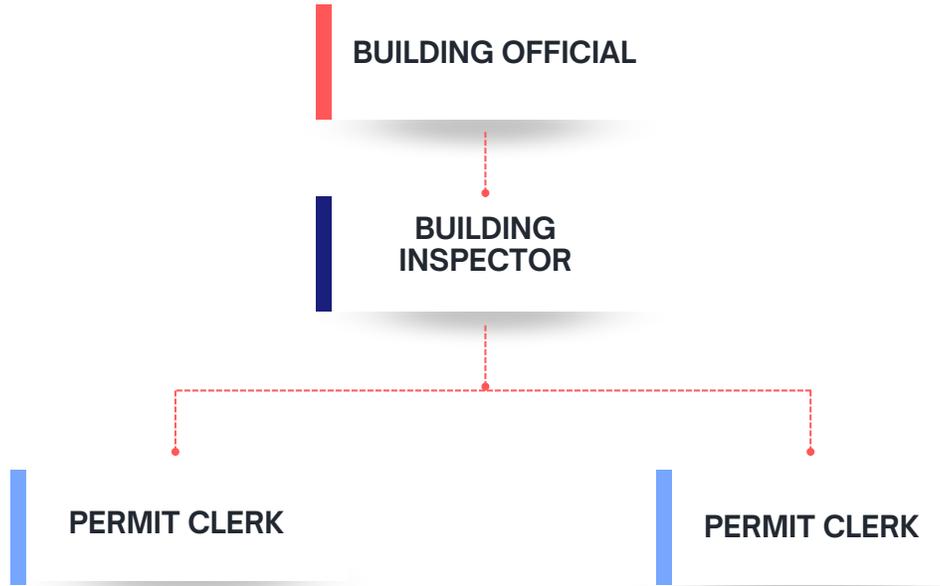

The Code Compliance Department comprises trained, licensed officers who use a hometown community approach to create strong bonds with our residents and visitors. Officers monitor applicable ordinances, codes, and regulations related to zoning, land use, public nuisance, health and safety, blight, and other matters of public concern. They serve as a resource of information on City regulations to property owners, residents, businesses, the general public, and other City departments. In addition to responsibilities pertaining to Code Compliance, the office identifies and solves problems, establishes goals, and defines strategies within the community.

Planning and Development

FY 2025-2026 ANNUAL BUDGET

ORGANIZATIONAL CHART

DESCRIPTION

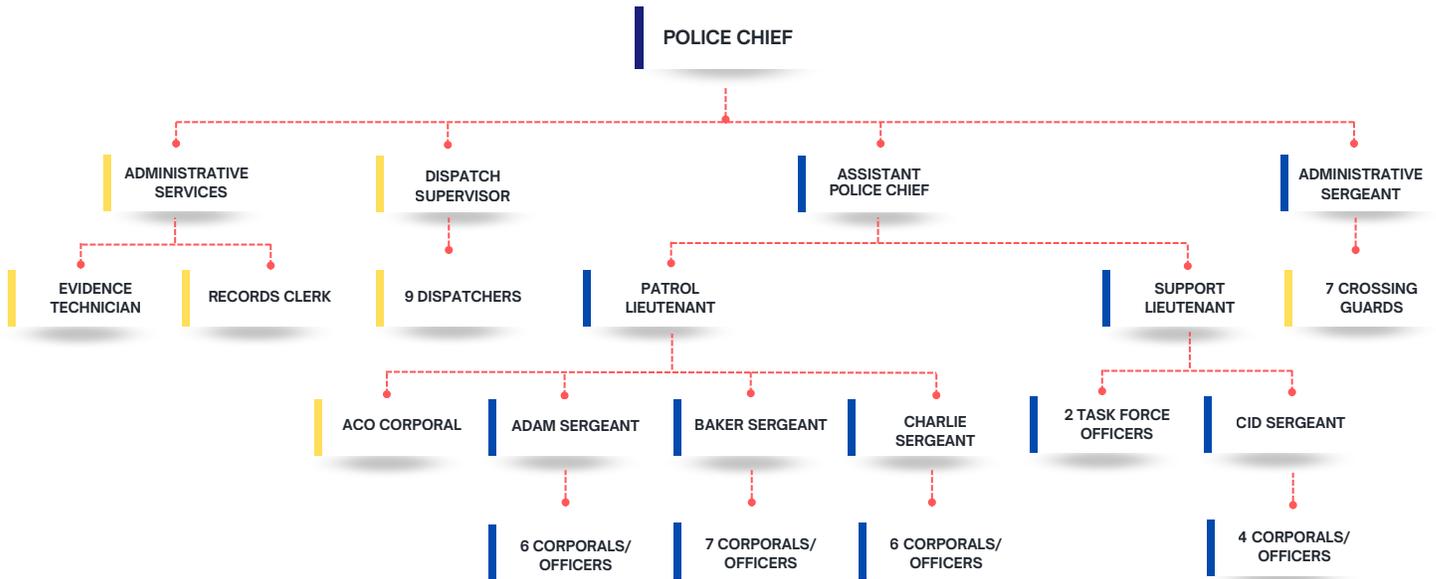

The Planning & Development Department is a key component to the growth of White Settlement, both residentially and commercially. The department follows projects from inception to completion, including planning, permitting, and inspections. These projects can include commercial buildings, new homes, remodels, fences, pools, sheds, and much more. As a department, we work with citizens, business owners, contractors, developers, and boards such as (BAA) the Board of Adjustments and Appeals which oversees variances to the ordinance and codes. Planning and Zoning (P&Z) this board is responsible for making zoning recommendations to council for consideration on all zoning matters. The department works with all these key individuals to make White Settlement a wonderful place to live.

Police

FY 2025-2026 ANNUAL BUDGET

ORGANIZATIONAL CHART

DESCRIPTION

The White Settlement Police Department is a 24-hour, full service law enforcement agency. The department is accredited by the “Law Enforcement Agency Best Practices Accreditation Program” through the Texas Police Chiefs Association. Only 186 agencies out of 2,700 across the state have achieved this gold standard of recognition.

Our community is home to major defense contractors and bordered by Lockheed Martin, the Naval Air Station Joint Reserve Base, and many other major industrial businesses. Our population of 17,896 swells to more than 45,000 people with an estimated 18,000 employees at Lockheed and another 10,000 active duty military, guardsman, reservists, and civilian employees at NAS JRB FTW. The sounds of freedom can be heard overhead with F-16C Fighting Falcons, F-35A Lightning II fifth-generation strike fighters, and C-130 Hercules assigned to the 301st Fighter Wing and 136th Airlift Wing flying throughout the community. It is also not uncommon to see the President of the United States on Air Force One flying into the gateway to North Texas.

Our goal is to provide exemplary service to our community, businesses, and visitors. While we maintain our hometown charm of being a small city, there is no shortage of world-class amenities to live, work, and play within our community. From award-winning parks, sports fields, and a dedicated water oasis filled with countless family attractions, we welcome everyone with a sense of backyard pride.

DESCRIPTION CONTINUED

Our public safety team is here to serve you with excellence and cultivate positive relationships. We have many opportunities to connect with children, teens, and adults through our various community engagement efforts. Relational policing is at the core of everything we do. We look forward to partnering with you to achieve our public safety goals of being a community that is safe, free of fear of crime, and one that upholds the Constitutional principles of all people.

The department is broken into 4 divisions, each with a unique set of responsibilities. The Patrol Division, consisting of the largest section of departmental operations, is responsible for proactive patrols, responding to calls for service, detection of criminal activity, and apprehension of offenders. The Support Division provides logistical support to the Patrol Division through various segments and units. The Criminal Investigations Unit falls under the Support Division. The Dispatch Services Division provides personnel for answering emergency and non-emergency calls, dispatching officers, and managing complex computer databases and systems. Police Administration provides overall support in all departmental operations including training, records, crime scene, and evidence.

SERVICES PROVIDED

Fire

FY 2025-2026 ANNUAL BUDGET

ORGANIZATIONAL CHART

DESCRIPTION

The White Settlement Fire Department's primary mission is to protect the lives and property of the residents of White Settlement. This is accomplished through the delivery of emergency medical services, fire suppression operations, and fire prevention through inspections and public education.

The White Settlement Fire Department serves and cares for the families and visitors of our community with pride, honor, and integrity. Our mission is to protect life, prevent harm, and preserve property. We serve to meet the ever-evolving needs of our community and its residents. We strive to demonstrate service excellence through professionalism, integrity, and foster community relations. The White Settlement Fire Department also serves/protects the community through - fire safety education, emergency prevention programs, preparedness and response, protection of life, property, and environment through fire suppression, HAZMAT mitigation, special rescue, emergency medical services, as well as non-emergency calls to service. The variety of emergency situations encountered at fire scenes and the need to determine appropriate medical procedures for a wide variety of situations contributes to the complexity of the work.

SERVICES PROVIDED

- Fire suppression
- Fire safety education
- Emergency Medical Services (EMS)
- Swift water rescue
- Hazmat mitigation

Pride Commission

FY 2025-2026 ANNUAL BUDGET

DESCRIPTION

The Pride Commission was established to work with Keep Texas Beautiful and other related organizations to improve “quality of life” issues by focusing on Recycling, Trash and Debris cleanup and removal and the overall beautification of the City’s streets, waterways, parklands and neighborhoods within the community. The Pride Commission Board was established by ordinance in 1996 by the City Council and is comprised of seven members and two alternates. It is the responsibility of the board (members and alternates) to represent businesses, industries, education, and neighborhoods.

Utility Billing

FY 2025-2026 ANNUAL BUDGET

ORGANIZATIONAL CHART

DESCRIPTION

The Utility Billing (UB) department reports to the Finance Director. The City has approximately 5,700 water meter accounts. On a monthly basis, approximately 600 accounts require additional collection actions, including processing cutoffs. The City is split into two billing cycles each month.

SERVICES PROVIDED

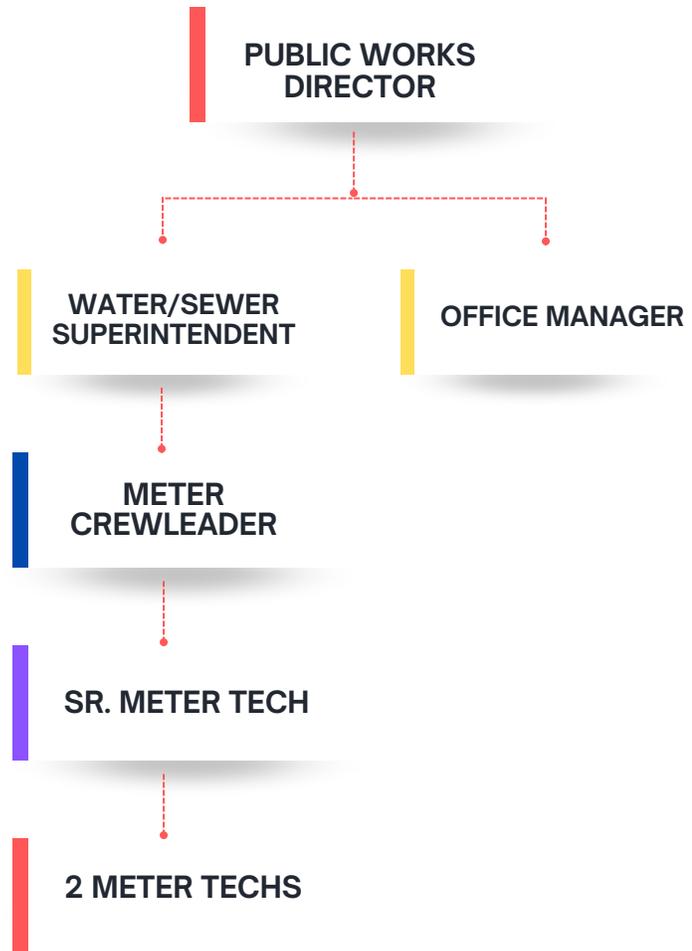

- Processing utility bills
- Working with meter technicians
- Processing utility payments
- Setting up and closing accounts
- Answering and resolving customers' questions
- Preparing work orders

Meter Services

FY 2025-2026 ANNUAL BUDGET

ORGANIZATIONAL CHART

DESCRIPTION

The Meter Technician is a Division of the Public Works Department. Currently, this Division services approximately 6,138 meters. The American Water Works Association (AWWA) recommends that every water utility accurately meter all water taken into its system and all water distributed from its customer's points of service.

The City of White Settlement has 2 billing cycles consisting of week day readings and billings. The residential and commercial meters assigned to each billing cycle are divided into routes that Meter Tech's read, either manually or with mobile automated technology. Information captured during the meter reading provides the basis for the department's water and sewer billing collection.

SERVICES PROVIDED

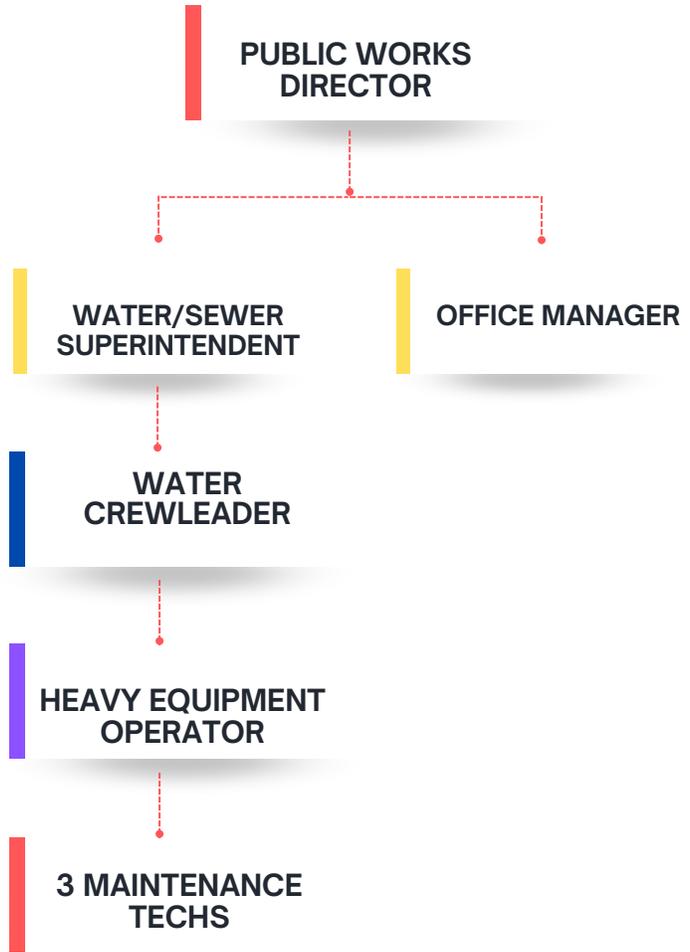

- Maintenance of water meters
- Maintenance of transmitters
- Manual reads of water meters
- Disconnecting and reconnecting services
- Leak investigations and work orders

Water

FY 2025-2026 ANNUAL BUDGET

ORGANIZATIONAL CHART

DESCRIPTION

The City of White Settlement is a wholesale customer of the City of Forth Worth which purchases water through 3 wholesale meter stations. The City currently operates 5 of the 8 ground water wells.

The Water Division operates, maintains, and repairs approximately 451,877 linear feet of pipe line ranging in diameter from 2 inches to 30 inches of water mains, 309 fire hydrants, mainline valves, and about 6,138 service connection lines. The division is responsible for ensuring that water is delivered to customers with sufficient pressure to meet both regulatory standards and emergency fire safety requirements.

The Water Division is responsible for producing and supplying quality water that complies with all federal and state water quality standards, while meeting system demands at all times.

SERVICES PROVIDED

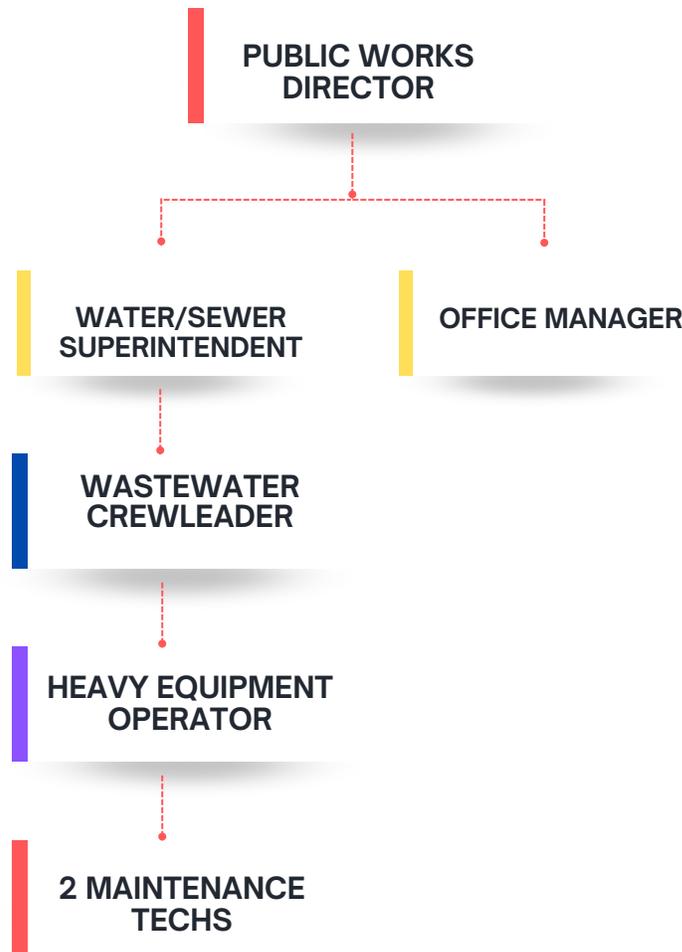

- Maintenance of water lines
- Maintenance of water wells
- Maintenance of fire hydrants
- Maintenance of mainline water valves
- Producing and supplying quality water

Wastewater

FY 2025-2026 ANNUAL BUDGET

ORGANIZATIONAL CHART

DESCRIPTION

The Wastewater Division is responsible for collection of wastewater and its transmission to the Fort Worth's Village Creek Water Reclamation Facility (WRF). The City's Wastewater System is interconnected with the City of Fort Worth's system and sends wastewater through 3 wholesale meter stations. This service includes the operation, maintenance, and repair of all sewer lines, manholes, and lift stations connected to the Wastewater Collection System.

The Wastewater Division strives to protect the health of the citizen's of White Settlement by reducing sanitary sewer overflows and proper cleaning up of sewage spills. Employee's inspect and monitor approximately 71 miles of wastewater infrastructure, 3 lift stations, and 842 manholes on a continual basis to prevent blockages and sewer overflows.

Sanitation

FY 2025-2026 ANNUAL BUDGET

DESCRIPTION

The City of White Settlement entered into a new contract with Frontier Solutions starting May 1, 2023 after being with Waste Connections of Texas, formerly IESI since May 1, 2007. Approximately 5,080 residential customers are served with twice a week curbside garbage collection. Residential customers pay for solid waste collection services through a monthly fee added to their utility bill that covers weekly garbage, yard waste, and monthly bulk collection. The monthly residential fee is currently structured as a flat rate fee of \$XX. The City of White Settlement objective is to strengthen our solid waste program we have in place with our vendor. Code Compliance Department will strongly monitor all areas and resident complaints thoroughly to ensure proper actions are taken place to contribute to the cleanliness of the City.

Environmental

FY 2025-2026 ANNUAL BUDGET

ORGANIZATIONAL CHART

DESCRIPTION

The Environmental division is responsible for producing and supplying quality water that complies with all federal and state water quality standards, while meeting system demands at all times. TCEQ requires flushing dead end water mains monthly to preserve the quality of the water delivered to the customer. Currently there are approximately 26 dead ends that require flushing.

The Division must also complete and submit required Texas Commission on Environmental Quality (TCEQ) self-monitoring reports monthly. Water samples are sent to a TCEQ certified lab for testing on a weekly basis. Approximately 300,000 gallons of water is treated daily. All repairs of the disinfection system, electrical and chemical feed systems are completed and managed by staff.

SERVICES PROVIDED

- Daily operations check and reporting
- Daily in house samples on TCEQ qualified equipment
- Checking and adjusting chemical feed rates
- Maintenance and repair of all chemical pumping equipment and appurtenances
- Maintenance and repair of disinfection equipment, instrumentation calibration, chemical order, and delivery
- TCEQ & EPA reporting

DESCRIPTION

Revenues in the Debt Service fund come from the Interest & Sinking (I&S) portion of the assessed ad valorem tax rate. Debt Service payments, or expenditures, from this fund are associated with streets or general governmental purpose debt issuances. Debt Service payments in the Utility Fund, which are associated with utility improvements, are paid directly from the Utility Fund. Future Debt Issuances related to Stormwater will be paid directly from the Stormwater Utility fund. The following pages present the debt service schedules for both utility purpose and general governmental purpose debt issuances.

Non-Departmental

FY 2025-2026 ANNUAL BUDGET

ORGANIZATIONAL CHART

DESCRIPTION

The Public Works Department provides basic municipal services that promote a healthy and safe environment for the residents of White Settlement and the general public. The Public Works Department is dedicated to ensuring that the infrastructure of the city so constructed and maintained to the highest standard in order to protect the health, welfare and safety of the citizens. Our goal is to provide responsive and courteous service. The Public Works Department provides vital public services through planning, engineering, constructing, inspecting, operating, and maintaining the City's public infrastructure. This is accomplished by maintaining the streets, curbs, gutters, street and traffic sign replacement, pavement markings, drainage, water meters, and meter readings, waterline and wastewater systems by repairing streets, water line repair, and cleaning sewer lines.

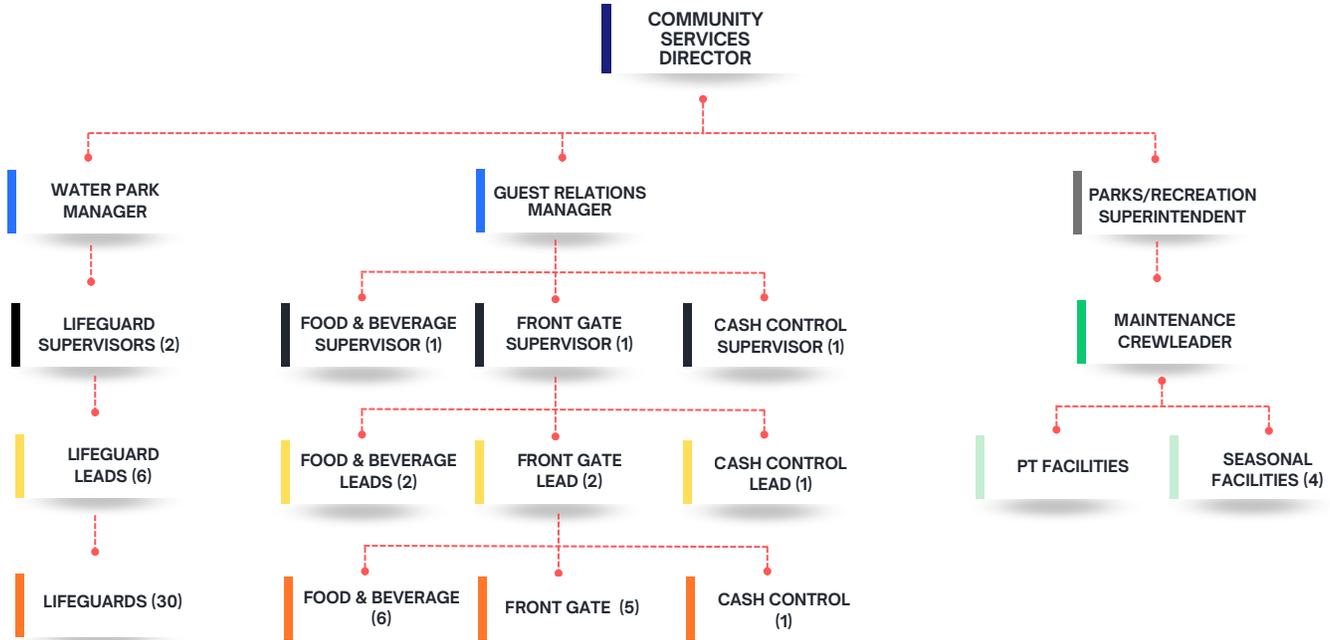

The purpose of Public Works Administration is to coordinate all the Divisions under the Public Works Department to accomplish City goals and communicate department activities to the City Manager. The goal of this Division is to maintain a positive and motivated force to accomplish overall city goals and to ensure quality Public Works infrastructures and a safe environment by utilizing a team of professional's and a unified workforce. This Division is responsible for the general supervision and direction of all Public Works operations and facilities. The Public Works Department consists of five divisions which oversee: Water Distribution, Wastewater, Streets, Meter Services, and Public Works Administration. This Division prepares the annual budget for all the divisions under the Public Works Department.

Stormwater

FY 2025-2026 ANNUAL BUDGET

ORGANIZATIONAL CHART

DESCRIPTION

In 2005-2006 the City created the Storm Water Utility Fund. It is the intent of the City to fund a Storm Water Utility System that fairly and equitably allocates the cost of storm water control to properties in proportion to storm water run-off potential for each class of property. Fees were established in order to recapture the estimated costs of handling the storm water run-off from properties inside the City limits. The fees were not assessed until March 2006. Funds may be used to acquire land, structures and associated engineering or architect fees, machinery, equipment, maintenance of the system or debt service for issued bonds.

The storm water department provides corrective and preventative maintenance to the City's drainage infrastructure and flood control system. Storm Water is responsible for vegetation control and removal in channels, maintenance and development of the City's drainage system which includes approximately 76 acres in greenbelt drainage areas within the park system, neighborhoods, drainage channels, vacant City properties/lots, street right-of-ways and curb and gutter throughout the City.

Debt Services Schedule

FY 2025-2026 ANNUAL BUDGET

The Debt Service Fund provides for principal and interest payments for the City's general obligation bonds, certificates of obligation, tax notes, capital leases and fiscal agents fees as they become due and payable.

Property tax rates and levies are required to be computed and collected in order to provide sufficient funds to pay debt principal and interest as it comes due. Although general obligation bonds and certificates of obligation are the predominant form of debt issuance, tax notes and lease purchase agreements (which allow for purchases of capital equipment) are also included in this section.

As an operational policy, the annual general obligation debt service should not exceed 50% of the total tax rate. Once the debt service portion of the tax rate exceeds a 50% pro-rata share, a city's ability to adjust the maintenance and operations portion of the tax levy is hindered. A large debt burden creates inflexibility in the tax rate and places further stress upon other sources of revenue. Therefore, a balance between the maintenance and operations portion and the debt portion of the tax rate should be maintained in order to adapt to changes in the tax base and operational needs.

For the 2025-2026 fiscal year, the debt service portion of the tax rate is \$0.125192 per \$100 of assessed value. This represents 17.51% of the total adopted rate of \$0.714778 per \$100 of assessed value. Debt principal payments from ad valorem tax revenue are paid annually while interest payments on tax-supported debt are paid semi-annually. The City has not issued notes to finance operating deficits.

DEBT MANAGEMENT

DEBT ISSUANCE

The City issues debt for the purpose of purchasing land or right-of-way and/or improvements to land, for construction projects to provide for the general good, or for capital equipment. The City will uphold all related bond covenant agreements associated with bond issues. Bond issues are conducted after consultation with an outside financial advisor. The City maintains good communications with bond rating agencies, financial advisors, independent auditors, investors, and citizens regarding its financial condition.

DEBT LIMIT

The State of Texas limits the total ad valorem tax rate to \$2.50 per \$100 valuation. The City Charter limits the ad valorem tax rate to \$1.50 per \$100 valuation of taxable property within the City, which includes the Interest & Sinking rate. The City of White Settlement adopted rate of \$0.714778 falls well below this limit.

BOND RATINGS - STANDARD & POOR'S – AA

These ratings directly affect the cost of debt. Hilltop Securities is the City's financial advisor. The financial advisor coordinates the debt issuance for the City and determines the City's capacity to authorize, issue, and service debt. The financial advisor negotiates the sale of debt instruments. When a bid for debt instruments is accepted by the City, the financial advisor directs the closing of the sale.

DEBT LEVEL EFFECT ON CURRENT OPERATIONS

The City has debt capacity within the Water & Sewer Fund which could allow for additional funding of capital projects if needed. The City maximizes current I&S tax rate to ensure debt capacity opportunities in the future and continues to be mindful of Water & Sewer debt to maintain rates for residents.

DESCRIPTION

The White Settlement Crime Control and Prevention District (CCPD) Fund is a voter-approved sales tax fund dedicated to enhancing public safety. Revenues are generated from a 1/2-cent sales tax and are restricted for law enforcement-related expenditures. The fund supports personnel costs, equipment, and crime prevention initiatives within the Police Department. CCPD funding allows for enhanced service levels without placing additional burden on the General Fund. This dedicated funding source reflects the community's commitment to maintaining a safe and secure environment.

Economic Development

FY 2025-2026 ANNUAL BUDGET

DESCRIPTION

The Economic Development Corporation (EDC) Fund is a special revenue fund established to record receipts for a one-half percent sales tax on taxable items sold within the City of White Settlement. The tax was authorized by voter referendum on January 14, 1994. After passage of the tax, the Economic Development Corporation was formed and is comprised of seven members. By-laws for the Corporation were written and structured within the framework of the Development Corporation Act of 1979, Section 4B. Authorized categories under this section include, among other items, land, buildings, or equipment for professional and amateur sports facilities, economic development, park facilities and events, entertainment and tourist facilities, and affordable housing.

Each year is based on the overall consumer spending and is calculated at 0.5% of the taxable sales inside the City. In fiscal year 1996, EDC received a Grant from Texas Parks and Wildlife toward the initial phase of the construction of a new park known as Veterans Park and was opened in fiscal year 1999. The annual expenditures for parks and related user fees moved to the General Fund as of FY 2017-2018 due to the EDC fund no longer being able to support the expenditures. In fiscal year 2014-2015 the City Council forgave a \$840,000 of a \$1,400,000 loan made to the EDC for the 2011-2012 Central Park renovation.

Historically, the Economic Development Corporation's largest expense has been for Contractual Services, which accounted for 55%-60% of the annual budget. However, that changed in FY 2015-2016 when the lessee of the Hawaiian Falls Water Park defaulted on the lease. Consequently, the EDC was responsible for making the debt service payments which were previously funded through lease payment. The bond became callable in calendar year 2024, and the remaining principal was paid off. This has relieved the EDC Fund of the debt service payment. This was a major relief for the EDC fund and the General Fund (which provided the operating subsidy for the water park) in the creation of the FY2025-2026 budget. In FY25, the operating subsidy is now held in the EDC fund, and is approximately half the cost of the previous debt service payment.

Occupancy Tax

FY 2025-2026 ANNUAL BUDGET

DESCRIPTION

In November 1978, White Settlement adopted ordinance 655 creating the hotel occupancy tax. It was amended in March 1985 by Ordinance 808-85. All hotels/motels within the City of White Settlement are required to remit quarterly to the City a 7% hotel occupancy tax. Projects from this fund are approved by the City Council on an annual basis. Eight hotels are currently in operation within the City of White Settlement.

Under State Hotel Occupancy Tax Statues, use of hotel/motel tax receipts are limited to enhancing and promoting tourism, conventions and the hotel industry, establishing or improving convention centers, convention center operations, tourism related advertising and promotions, arts enhancement, and historical restoration and preservation program. The City of White Settlement has primarily used occupancy tax receipts for advertising, fine arts, signage for tourism and convention center operations, visitor center, museum, and sports field improvements.

The HOT Fund contributes to the water park's operating subsidy through a transfer to the Splash Dayz Fund. This allocation supports tourism-related operations consistent with HOT fund guidelines. In addition to the subsidy, HOT revenues are used for park improvements that enhance visitor experiences. The fund also supports wayfinding signage to improve accessibility and promote local attractions.

DESCRIPTION

The expenditures in the Capital Bond Fund are being financed using bond proceeds from prior debt issuances. These funds were issued in earlier fiscal years and have been allocated for specific capital projects. Each project utilizing these funds is identified and detailed in the City's adopted Capital Improvement Plan (CIP). The CIP serves as the guiding document for long-term infrastructure planning and investment. All spending aligns with the original intent and scope approved by City Council during the bond authorization process. This fund is used exclusively for general governmental projects and does not support utility-related improvements.

DESCRIPTION

The expenditures in the Utility Capital Bond Fund are supported by bond proceeds from previously issued debt. These funds were authorized and issued in prior fiscal years specifically for utility-related capital improvements. All projects funded through this source are identified in the City's adopted Capital Improvement Plan (CIP). The CIP outlines the scope, timeline, and funding sources for water and sewer infrastructure investments. This fund is restricted to utility capital projects and does not finance general governmental initiatives.

DESCRIPTION

The Internal Service Fund is primarily used to support the City's fleet operations and related capital needs. In FY25, this fund also includes expenditures for a municipal façade upgrade project. Revenues for the fund come from two main sources: excess fund balance that has been transferred in, and operating revenues transferred from the enterprise funds to cover their share of fleet costs. These contributions ensure that each department pays its fair share for fleet usage based on actual operational needs. The fund operates as a cost-recovery mechanism, allowing the City to manage internal assets efficiently while supporting key facility improvements.

Capital Improvement Program Policy

FY 2025-2026 ANNUAL BUDGET

A Capital Improvement Program is a schedule of public physical improvements to be constructed with estimated resources available to finance the projected expenditures. Capital Improvements are any expenditure of public funds for the purchase, construction, rehabilitation, replacement or expansion of the physical assets of the community. Capital expenditures are financed from a variety of sources to include long-term and short-term debt, current revenues, grants from other governmental entities, and donations from foundations, businesses, individuals and non-profit organizations. A detailed listing of financing methods is found on the following pages.

CAPITAL IMPROVEMENTS PROGRAM (CIP) POLICY

The City of White Settlement prioritizes the funding of capital projects on the basis of a Capital Improvements Plan. The functions of the Capital Improvement Plan are as follows:

1. Estimating capital requirements.
2. Scheduling all capital projects over a fixed period with appropriate planning and implementation.
3. Budgeting priority projects and developing revenue sources for proposed improvements.
4. Coordinating the activities of various departments in meeting project schedules.
5. Monitoring and evaluating the progress of capital projects.
6. Informing the public of projected capital improvements.

METHODS OF FINANCING CAPITAL IMPROVEMENT PROJECTS

CERTIFICATES OF OBLIGATIONS

Certificates of Obligations are issued with limited revenues pledged by the water and sewer systems. Voter approval is not required.

DONATIONS

Donations are periodically received, by the City, from individuals, businesses, foundations and non-profit organizations.

EARMARKED FUNDS

With Earmarked Funds, monies are accumulated in advance or set aside for capital construction or purchase.

GENERAL OBLIGATION BONDS

With General Obligation bonds, the taxing power of the jurisdiction is pledged to pay interest and principal of the debt. General Obligation Bonds can be sold to finance permanent types of improvements such as municipal buildings, streets, parks and recreation facilities. Voter approval is required.

REVENUE BONDS

Revenue Bonds are frequently sold for projects that produce revenues, such as water and sewer systems. Voter approval is not required.

SPECIAL ASSESSMENTS

Public works that benefit particular properties may be financed more equitably by special assessments (i.e., paid by those who directly benefit).

STATE AND FEDERAL GRANTS

State and Federal Grant programs are available for financing a number of programs. These may include streets, water and sewer facilities, parks, and playgrounds. The costs of funding these facilities may be borne completely by grant funds or a local share may be required.

The City's goal is to fund capital improvement projects on a "pay-as-you-go" basis whenever possible. However, for large infrastructure projects or large pieces of equipment, debt financing is often required. The City's debt management objective is to maintain levels of debt service that does not adversely impact tax rates and does not hinder the City's ability to effectively operate the utility systems, street network, or other facilities. Debt financed projects must meet the City's long-term financing criteria as included in the Fiscal and Budgetary Policy.

When the City of White Settlement utilizes long-term debt financing, it will ensure that the debt is soundly financed by conservatively projecting the revenue sources that will be utilized to pay the debt and financing the improvement or equipment over a period of time not greater than the useful life of the asset.

METHODS OF FINANCING CAPITAL IMPROVEMENT PROJECTS

	<u>Pay-As-You-Go</u>	<u>Debt Financing</u>
<u>Advantages:</u>	No Interest Costs. Interest Savings can be used to Finance Additional Projects	Allows for a Shorter Time Period for Financing Major Projects
	No Legal or Bond Covenant Requirements	Allocates Costs to Citizens Who Receive the Related Benefits
	No Debt Service Payments Required	Expands Capital Improvement Program
	No Additional Tax Levy is Required	Referendum Approval Indicates Public Support of the Project
	Conserve Debt Capacity and Achieve a more Favorable Credit Rating	Usually Required for Revenue Generating Facilities
<u>Disadvantages:</u>	Long Savings Period to Finance Major Construction Projects	Interest Costs
	Allocates Costs of Project to Citizens That May Not Benefit	Additional Tax Levy May be Required to Repay Debt
	Limits Capital Improvement Program to Funds Available	Legal Restrictions Set by Statute on Debt Issuance
	Reserves can not be Established Before the Construction of Revenue Generating Facilities	Bond Covenant Requirements
	Inflationary Costs	Voter Approval may be Required.

OVERLAY PROJECTS

STREET IMPROVEMENT FUND

5% Water and Sewer Franchise Fee is placed into a separate fund known as the Street Improvement Fund and shall be used exclusively for construction and improvements of public streets within the City of White Settlement. The franchise fee ordinance was passed on September 14, 1999. Interest is earned on the account and revenues received from street assessments will benefit the fund.

Projects are programmed annually and involve street reconstruction that will add to the value of life of the infrastructure. Overlay projects provide an effective rehabilitation process, results in longer life to the street, creates a smoother ride of the pavement, and allows for greater coverage of the City. Tarrant County manpower is used for the labor through an inter-local agreement with the City of White Settlement.

Street Selection Criteria

- Roughness
- Base Condition
- Curb and Gutter Condition
- Condition of Underground Utilities

CURRENT YEAR CAPITAL IMPROVEMENT PROJECTS

Historically, in an effort to keep the tax rate low and reduce annual budget expenditures, many capital improvements were delayed over the years. Slowly, with increased property taxes, capital improvements are being reinstated. For the 2025-2026 budget, staff requested Council's consideration of expenditures for projects, equipment, and programs that have a useful life beyond the next annual budget. Ideally, the goal is to fund as much of the City's needs on a pay-as-you-go basis in the annual "Current Budget". However, the challenges of spending current resources to fund expenditures with a future useful life are best answered by having a Capital Improvement Plan (CIP) that is financed by long-term or short-term debt. The idea is to cover the costs of maintenance and operations out of the current year budget and minimize the amount of long-term and short-term debt issuance while maintaining a tax rate that is as level as possible.

The CIP plan (found on page 46 of this budget book) is a fledging plan for the City, but a start nonetheless. Staff is beginning to build and revamp the CIP using master plans and assessments from the departments to prioritize capital infrastructure projects. Funds from tax and revenue COs will be used to fund these capital expenditures. These funds from debt issuance are for the public purpose of constructing street improvements, renovating bridges, street striping, constructing and equipping improvements to the City's waterworks and sewer system, and acquisition of emergency fire equipment - all items listed in the CIP.

CIP Projects Continued

For the 2025-2026 budget, staff will continue to work with Council to develop a more detailed Five Year CIP listing which shows, by year, the items/projects scheduled for each year.

The current CIP with the project listing is located on page 46 of this budget book.

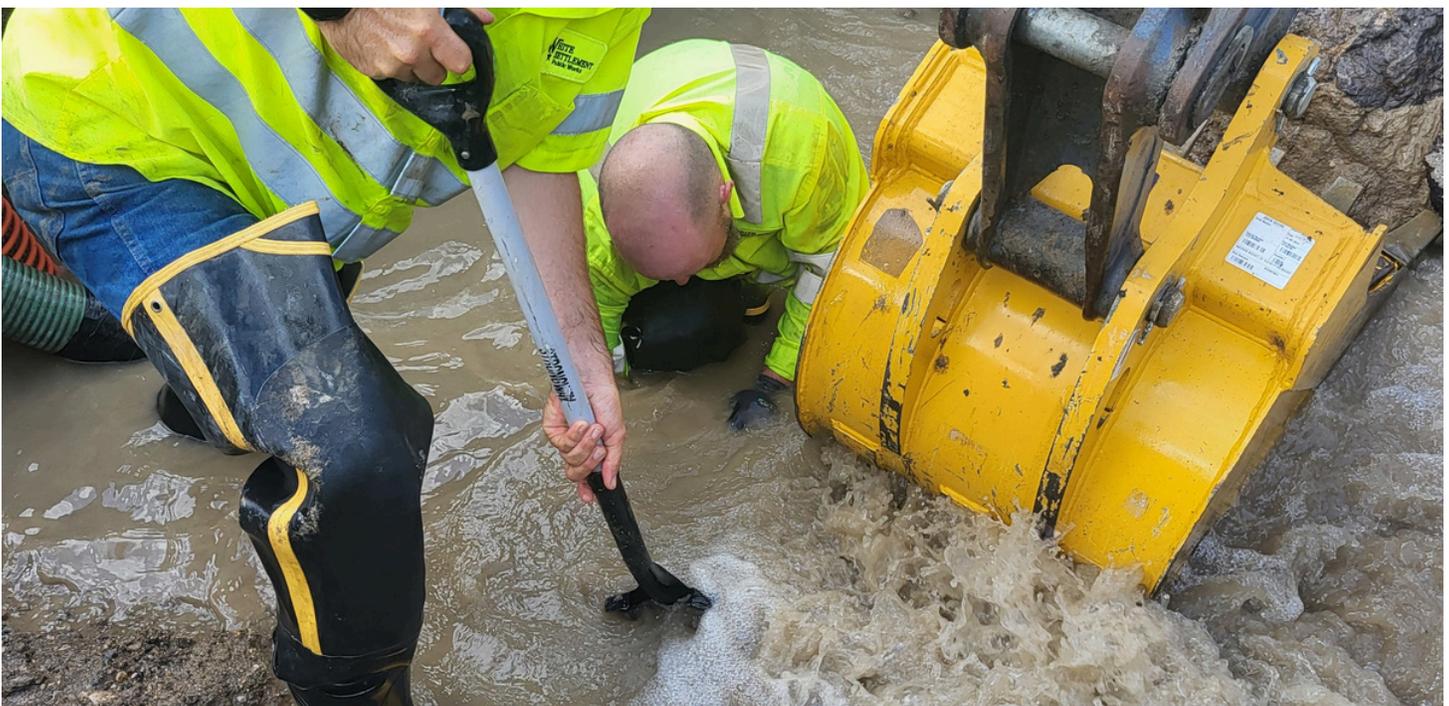

The City does not anticipate that the significant nonrecurring capital expenditures will affect the City's current and future operating budgets because the funding plan is to issue debt for the CIP projects. Debt allows the cost of the use of the asset to be spread across the generations of taxpayers using the asset.

ORDINANCE NO. 2025-09-17-011

AN ORDINANCE OF THE CITY OF WHITE SETTLEMENT, TEXAS ADOPTING THE OPERATING BUDGET FOR THE CITY OF WHITE SETTLEMENT, TEXAS, FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2025 AND ENDING SEPTEMBER 30, 2026; APPROPRIATING RESOURCES FOR EACH FUND; PROVIDING FOR EMERGENCY EXPENDITURES AS ALLOWED BY APPLICABLE STATE LAW; PROVIDING FOR THE FILING AND POSTING OF THE BUDGET AS REQUIRED BY STATE LAW; PROVIDING A SEVERABILITY CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of White Settlement, Texas (the "City") is a home rule city acting under its charter adopted by the electorate pursuant to Article XI, Section 5 of the Texas Constitution and Chapter 9 of the Local Government Code; and

WHEREAS, the City Manager of the City has filed with the City Secretary a budget outlining all proposed expenditures of the Government of the City for the fiscal year beginning October 1, 2025, and ending September 30, 2026, (hereinafter referred as the "Budget"); and

WHEREAS, the Budget, a copy of which is attached hereto as Exhibit "A" and incorporated herein for all purposes, specifically sets forth each of the various projects and departments for which appropriations are delineated, and the estimated amount of money carried in the Budget for each; and

WHEREAS, the Budget has been filed with the City Secretary for at least thirty (30) days before the date the City Council makes its tax levy for the fiscal year, and such Budget has been available for inspection by any taxpayer; and

WHEREAS, public notice of a public hearing on the proposed Budget, stating the date, time, place, and subject matter of said public hearing, was given as required by the laws of the State of Texas; and

WHEREAS, such public hearing was held on August 26, 2025, prior approval of such date being hereby ratified and confirmed by the City Council, and those wishing to speak on the Budget were heard; and

WHEREAS, at the conclusion of the public hearing, the governing body of the City took action on the proposed Budget, as required by law; and

WHEREAS, the City Council has studied the Budget and listened to the comments of the taxpayers at the public hearing held thereon and has determined that the Budget attached hereto is in the best interest of the City and that same should be approved and adopted; and

ORDINANCE NO. 2025-09-17-011
Adopting FY 25-26 Budget

1

WHEREAS, the governing body took action on the Budget by record vote, which is duly recorded below.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF WHITE SETTLEMENT, TEXAS, THAT:

Section 1.

All of the above premises are found to be true and correct and are incorporated into the body of this Ordinance as if copied in their entirety.

Section 2.

The Budget as set forth in Exhibit "A," of the revenue of the City and the expenditures of conducting the affairs thereof for the ensuing fiscal year beginning October 1, 2025 and ending September 30, 2026, is hereby adopted and approved, and there is hereby appropriated from the funds indicated therein such sums for the projects, operations, activities, purchases, accounts, and other expenditures proposed in the Budget.

Section 3.

No expenditure / expense of the funds of the City shall hereafter be made except in compliance with the Budget and applicable state law; provided, however, that in case of grave public necessity to meet unusual and unforeseen conditions, which could not by reasonable, diligent thought and attention have been include in the original budget or from time to time be authorized by the City Council as amendments to the original Budget.

Section 4.

The following statements are true and correct:

This budget will raise more revenue than last year's budget by an amount of \$531,733, which is a 4.60 percent increase from last year's budget. The property tax revenue to be raised from new property added to the tax roll this year is \$228,658.

The municipal property tax rate for the preceding fiscal year was \$0.679816 per \$100.

The municipal property tax rates that have been adopted or calculated for the current fiscal year for which this Budget is adopted are as follows:

- (A) the property tax rate is \$0.714778 per \$100;
- (B) the No-New Revenue tax rate is \$0.695350 per \$100;

ORDINANCE NO. 2025-09-17-011
Adopting FY 25-26 Budget

2

(C) the Voter-Approval tax rate is \$0.714778 per \$100;

(D) the De Minimis Rate tax rate is \$0.717397 per \$100 taxable property value after exemptions;

(E) the debt rate is \$0.125192 per \$100 taxable property value; and

(F) the total amount of municipal debt obligations secured by property taxes is \$2,132,383.

Section 5.

A copy of the approved Budget, including the cover page, shall be posted on the City's website, along with the record vote of each member of the City Council, as required by law. The City Manager shall file or cause to be filed a true and correct copy of this Ordinance, along with the approved Budget attached hereto, with the City Secretary. The City Manager shall file or cause to be filed a true and correct copy of this Ordinance, along with the approved Budget attached hereto, and any amendments thereto, in the office of the County Clerk of Tarrant County, Texas, as required by state law.

Section 6.

The City Manager, and/or Finance Director, is authorized to invest any funds not needed for current use, whether operating funds or bond funds according to the adopted Investment Policy, all of which investments shall be made in accordance with the law.

Section 7.

Any and all Ordinances, resolutions, rules, regulations, policies, or provisions in conflict with the provisions of this Ordinance are hereby repealed and rescinded to the extent of conflict therewith.

Section 8.

It is hereby declared to be the intention of the City Council that the phrases, clauses, sentences, paragraphs, and sections of this Ordinance are severable, and if any phrase, clause, sentence, paragraph, or section of this Ordinance shall be declared unconstitutional by the valid judgment or decree of any court of competent jurisdiction, such unconstitutionality shall not affect any of the remaining phrases, clauses, sentences, paragraphs, and sections of this Ordinance, since the same would have been enacted by the City Council without the incorporation in this Ordinance of any such unconstitutional phrase, clause, sentence, paragraph, or section.

Section 9.

The fact that the fiscal year begins October 1, 2025, requires that this Ordinance be effective upon its passage and adopted to preserve the public peace, property, health, safety, and shall be in full force and effect from and after its passage and adoption.

ORDINANCE NO. 2025-09-17-011
Adopting FY 25-26 Budget

ORDINANCE NO. 2025-09-18-012

AN ORDINANCE OF THE CITY OF WHITE SETTLEMENT, TEXAS, AFFIXING AND LEVYING MUNICIPAL AD VALOREM TAXES FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2025 AND ENDING SEPTEMBER 30, 2026, AT A RATE OF \$0.714778 PER \$100.00 OF ASSESSED VALUE ON ALL TAXABLE PROPERTY WITHIN THE CORPORATE LIMITS FOR THE CITY OF WHITE SETTLEMENT, AS OF JANUARY 1, 2025; PROVIDING FOR WHEN TAXES BECOME DUE AND DELINQUENT TOGETHER WITH PENALTIES AND INTEREST THEREON; PROVIDING FOR COLLECTION OF AD VALOREM TAXES AND PLACE OF PAYMENT; PROVIDING FOR REPEALING, SAVINGS, AND SEVERABILITY CLAUSES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of White Settlement, Texas (the "City") is a home rule city acting under its charter adopted by the electorate pursuant to Article XI, Section 5 of the Texas Constitution and Chapter 9 of the Local Government Code; and

WHEREAS, the City Council of the City hereby finds that the tax for the fiscal year beginning October 1, 2025, and ending September 30, 2026, hereinafter levied for the current expenditures and the general improvements of the City and its property, must be levied to provide the revenue requirements of the budget for the ensuing year; and

WHEREAS, the City Council further finds that taxes for the year 2025-2026, hereinafter levied therefore, are necessary to pay interest and to provide the required sinking fund on outstanding bonds of the City issued for City purposes, and on bonds proposed to be issued for such purposes during the ensuing year; and

WHEREAS, the City Council of the City held a public hearing to discuss the proposed 2025 property tax rate of \$0.714778 upon each one hundred dollar (\$100) valuation of all taxable real and personal property within the City on August 26, 2025 during a special called City Council meeting at 6:30 pm, held in the White Settlement Council Chambers, located at 214 Meadow Park Drive, White Settlement, Texas and took action on the proposed rate at the close of the public hearing; and

WHEREAS, all statutory and constitutional requirements concerning the levying and assessing of ad valorem taxes have been completed in due and correct time, including providing notice of and conducting a public hearing on August 26, 2025, regarding the ad valorem tax levied hereby; and

WHEREAS, the City Council has approved on the 2nd day of September 2025, the budget for the fiscal year beginning October 1, 2025, and ending September 30, 2026; and

WHEREAS, the City Council took action by record vote to approve separately each of the two components of the tax rate set forth at its regular City Council meeting on September 2, 2025.

ORDINANCE NO. 2025-09-18-012
Ad Valorem Taxes Fy 25-26

1

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF WHITE SETTLEMENT, TEXAS THAT:

Section 1.

All of the above premises are found to be true and correct and are incorporated into the body of this Ordinance as if copied in their entirety.

Section 2.

The City Council of the City hereby levies and adopts the tax rate and orders to be assessed and collected for the fiscal year beginning October 1, 2025, and ending September 30, 2026, and for each fiscal year thereafter until it be otherwise provided and ordained, on One Hundred Dollars (\$100.00) of assessed valuation for this City for the tax year 2025 as follows:

<u>Tax Rate</u>	<u>Purpose</u>
\$0.589586	Maintenance and operations
\$0.125192	Interest & sinking on general obligation debt
\$0.714778	Total Tax Rate

THIS TAX RATE WILL RAISE MORE TAXES FOR MAINTENANCE AND OPERATIONS THAN LAST YEAR'S TAX RATE.

THE TAX RATE WILL EFFECTIVELY BE RAISED BY 4.79 PERCENT AND WILL RAISE TAXES FOR MAINTENANCE AND OPERATIONS ON A \$100,000 HOME BY APPROXIMATELY \$37.66

Section 3.

The taxes herein are levied according to law and shall be due and payable on October 1, 2025, and the same shall become delinquent on February 1, 2026. There shall be no discount for payment of taxes prior to January 31, 2026. Payment of such taxes shall be due in one full installment except as otherwise required by law. Should any taxpayer fail to make payment before the date of delinquency, the penalty as provided by law shall be assessed until the unpaid taxes and penalty have been satisfied.

Section 4.

Taxes herein levied and uncollected as of February 1, 2026, shall be a first and prior lien against the property, which lien shall be superior and prior to all other liens.

Section 5.

Pursuant to the authority granted by Section 33.07 of the Texas Tax Code, in the event that 2025 taxes and taxes for all subsequent years become delinquent on or after February 1st but not later than May 1st of the year in which they become delinquent, and in the event such delinquent taxes are referred to an attorney for collection, an additional amount of twenty percent (20%) of the total amount of tax, penalty and interest then due shall be added as collection costs to be paid by the taxpayer, for all taxes delinquent on or after July 1, 2026.

Section 6.

Pursuant to the authority granted by Section 33.08 of the Texas Tax Code, the City further provides that all 2025 taxes and taxes for all subsequent years that become delinquent on or after June 1st of the year in which they become delinquent shall, in order to defray the costs of collection, incur an additional 20% of the delinquent tax, penalty, and interest.

Section 7.

The tax assessor/collector for Tarrant County is hereby authorized to assess and collect the Ad Valorem taxes, interest, and penalties of the City. All current and delinquent tax collections on the 2025 tax levy shall be deposited as provided in this Ordinance. All interest and penalties and collections of delinquent taxes levied in prior years shall be deposited in the General Fund of the City. The City shall have available all rights and remedies provided by law for the enforcement of the collection of taxes levied under this Ordinance.

Section 8.

In the event any section, sub-section, clause, sentence, or phrase of this Ordinance shall be declared or adjudged invalid or unconstitutional, such adjudication shall in no means affect any other section, sub-section, clause, sentence, or phrase of this Ordinance, but all the rest thereof shall be in full force and effect just as though the section, sub-section, clause, sentence, or phrase so declared or adjudged invalid or unconstitutional was not originally a part thereof.

Section 9.

All provisions of any ordinance in conflict with this Ordinance are hereby repealed; but such repeal shall not abate any pending prosecution for violation of the repealed ordinance, nor shall the repeal prevent prosecution from being commenced for any violation if occurring prior to the repeal of the ordinance. Any remaining portions of conflicting ordinances shall remain in full force and effect.

Section 10.

All rights or remedies of the City under previous ordinances are expressly saved as to penalties for liabilities for any delinquencies and penalties for prior years and under prior ordinances of the City, and such delinquencies and penalties owed shall not be affected by this Ordinance, but may be collected through any remedy available under law.

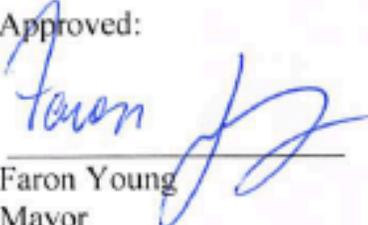

Section 11.

This Ordinance shall be in full force and effect from and after its passage as provided by law.

PASSED AND ADOPTED BY THE CITY COUNCIL OF THE CITY OF WHITE SETTLEMENT, TEXAS, on this the 2nd day of September 2025.

Glossary

FY 2025-2026 ANNUAL BUDGET

Accrual Basis of Accounting

A basis of accounting in which revenues are recognized in the accounting period in which they are earned, and expenses are recognized in the period in which they are incurred.

Account

A term used to identify an individual asset, liability, expenditure control, revenue control, encumbrance control, or fund balance.

Accounts Payable

A short-term liability account reflecting amounts owed to private persons or organizations for goods and services received by a government.

Accounts Receivable

An asset account reflecting amounts due from private persons or organizations for goods and services furnished by a government.

Accrual Accounting

A basis of accounting in which revenues are recognized in the period in which they are earned and become measurable, and expenses are recognized in the period incurred instead of when cash is actually received or spent.

Adopted Budget

The budget as modified and finally approved by the City Council. The adopted budget is authorized by ordinance that sets the legal spending limits for the fiscal year.

Ad Valorem Tax

A tax levied on the assessed valuation of land and improvements.

Appraised Value

The estimated value of property for the purpose of taxation, as established by the Tarrant Appraisal District.

Appropriation

An authorization made by the City Council that permits officials to incur obligations against and to make expenditures of resources. Appropriations normally are made for fixed amounts at the department level and cover the operating budget for a one-year period.

Arbitrage

With respect to the issuance of municipal securities, arbitrage usually refers to the difference between the interest paid on tax-exempt bonds and the interest earned by investing the proceeds of the bonds in higher-yielding taxable securities. Federal income tax laws generally restrict the ability to earn positive arbitrage in connection with tax-exempt bonds.

Assessed Valuation

A valuation set upon real and personal property by the Tarrant Appraisal District as a basis for levying taxes.

Audit

A standardized, systematic and independent examination of data, statements, records, operations and performances of an enterprise for the purpose of examining for compliance with standardized procedures for managing cash on hand, receipts, payments, investments, and other allocations of monetary resources, capital assets or the use of personnel time and expertise.

Balanced Budget A budget adopted by the City Council and authorized by ordinance where the proposed expenditures are equal to or less than the proposed revenues plus fund balances.

Balanced Budget

A budget adopted by the City Council and authorized by ordinance where the proposed expenditures are equal to or less than the proposed revenues plus fund balances.

Basis of Accounting

A term used referring as to when revenues, expenditures, expenses, and transfers - and related assets and liabilities - are recognized in the accounts and reported in the City's financial statements.

Bond

A written promise to pay a sum of money on a specific date at a specific interest rate.

Budget

The City's financial plan that contains both the estimated revenues to be received during the year and the proposed expenditures to be incurred to achieve stated objectives.

Budget Amendment

A formal legal procedure utilized by the City to revise a budget during a fiscal year.

Budget Calendar

The schedule of dates used as a guide to complete the various steps the budget preparation and adoption process.

Budget Message

The opening section of the budget document from the City Manager that provides the City Council and the public with a general summary of the most important aspects of the budget. Sometimes referred to as a "transmittal letter."

Budgetary Control

The control of management of the organization in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and revenues.

Capital Assets

Long-term assets, such as buildings, equipment and infrastructure, intended to be held or used in operations.

Capital Outlay

An expenditure which results in the acquisition of or addition to capital assets, and meets these criteria: having an anticipated useful life or more than one year; can be permanently identified as an individual unit of property; belonging to one of the following categories - land, buildings, machinery and equipment, or infrastructure; constitutes a tangible, permanent addition to the value of City assets; cost generally exceeds \$5,000; does not constitute repair or maintenance; and is not readily susceptible to loss. In the budget, capital outlay is budgeted as expenditures in all fund types.

Capital Improvement Program

A plan for purchasing capital expenditures over a period of years to meet capital needs arising from the long-term work program. It sets forth each project or other contemplated expenditure in which the City is to have a part and specifies the full resources estimated to be available to finance the projected expenditures.

Capital Project Fund

A fund used to account for the financial resources to be used for the acquisition or construction of major capital facilities, infrastructure, or equipment, usually financed by the issuance of debt.

Certificates of Obligation

Tax-supported bonds that are similar to general obligation bonds and can be issued after meeting strict publication requirements and with final approval of the City Council.

Certified Appraisal Roll

The final property appraisals roll, as calculated by the Tarrant Appraisal District (TAD). The certified roll is required to be prepared by TAD by July 25 of each year.

City Charter

The document of a home rule City similar to a constitution, which establishes the City's government structure and provides for the distribution of powers and duties among the various branches of government.

City Council

The elected governing body of the City, consisting of the Mayor and six (6) Council members, collectively acting as the legislative and policy-making body of the City.

Contractual Services

The costs related to services performed for the City by individuals, business, or utilities.

Crime Control and Prevention Sales Tax

Approved by votes in 1996 to collect a 1/2% sales tax for the Crime Control and Prevention District purposes, and readopted in 2010 for an additional 20 year period.

Current Taxes

Taxes levied and due within one year.

Debt Service

The City's obligation to pay the principal and interest of all bonds and other debt instruments according to a predetermined payment schedule.

Debt Service Fund

A fund used to account for resources and expenditures related to retirement for the City's general obligation debt service, sometimes referred to as a "sinking fund."

Deficit

The excess of the liabilities of a fund over its assets; or the excess of expenditures over revenues during an accounting period; or in the case of proprietary fund, the excess of expense over income during an accounting period.

Delinquent Taxes

Taxes that remain unpaid after the date on which a penalty for nonpayment is attached. Property taxes are delinquent if not paid by January 31.

Department

A major administrative organizational unit of the City containing one or more divisions or activities.

Depreciation A

non-cash expense that reduces the value of an asset as a result of wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.

Distinguished Budget Presentation Program

A major administrative organizational unity of the City which indicates overall management responsibility for one or more activities.

Division

A major administrative organizational unity of the City which indicates overall management responsibility for one or more activities.

Encumbrance

An obligation, usually in the form of a purchase order, contract, or salary commitment, related to uncompleted contracts for goods or services. Used in budgeting, encumbrances are not classified as expenditures or liabilities, but are shown as a reservation of fund balance. Upon payment, encumbrances are recorded as expenditure and liquidated, thereby releasing the reservation of fund balance. Outstanding or unliquidated encumbrances at year-end are closed out.

Enterprise Fund

A fund established to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Expenditure/Expenses

The outflow of funds paid or to be paid for assets obtained or goods and services obtained regardless of when the expense is actually paid. An expenditure decreases fund balance.

Fiscal Year

The time period designated by the City signifying the beginning and ending period for the recording of financial transactions. The City's fiscal year is October 1 through September 30.

Franchise Fees (Taxes)

A fee (tax) paid by a public utility for the use of public property in providing their services to the residents of the City. The fee is typically calculated as a % of the utility's gross receipts.

Full-Time Equivalent (FTE) A position for an employee working a 40 hour work week for 52 weeks a year. Based on 2,080 annual hours or 2,756 for firefighters.

Fund

A fiscal and accounting entity established to record receipt and disbursement of income from sources set aside to support specific activities or to attain certain objectives. Each fund is treated as a distinct fiscal entity where assets equal liabilities plus fund balances.

Fund Balance

Unless stated otherwise, the excess of a fund's current assets over its current liabilities; sometimes called working capital in enterprise funds.

General Fund

The fund used to account for financial resources except those funds required to be accounted for in another fund; the general fund is tax supported and includes the operations of most City services, i.e., police, fire, streets, parks and recreation, and administration. General Obligation Money owed on interest and principal to holders of the City's obligation bonds. The debt is supported by revenues provided from real property that is assessed through the taxation power of the City.

General Obligation

Money owed on interest and principal to holders of the City's obligation bonds. The debt is supported by revenues provided from real property that is assessed through the taxation power of the City.

Generally Accepted Accounting Principles (GAAP)

Uniform minimum standards and guidelines for financial accounting and reporting.

Goal

A broad, general statement of each department's or division's desired social or organizational outcomes.

Governmental Funds

Funds generally used to account for tax-supported activities. The acquisition, use and financial resources and the related current liabilities are accounted for through governmental funds (General, Special Revenue, Capital Projects and Debt Service).

Grant

A contribution by a government or other organization to support a particular function. Typically, these contributions are made to local governments from state or federal governments.

Infrastructure

That portion of a City's assets located at or below ground level, including streets, water, and sewer systems.

Internal Service Fund

Internal Service Funds are used to account for the financing of goods or services provided by one fund or department to another fund or department on a cost reimbursement basis.

Levy

To impose taxes or special assessments. The total of taxes or special assessments imposed by a governmental unit.

Liability

Debt or other legal obligations arising out of transactions in the past that must be liquidated, renewed, or refunded at some future date. The term does not include encumbrances.

Long-term Debt

Debt with a maturity of more than one year after date of issuance.

Materials and Supplies

Expendable materials and operating supplies necessary to conduct the business of departmental activities.

Mixed Beverage Tax

A tax imposed on the gross receipts of a licensee for the sale, preparation or serving of mixed beverages.

Modified Accrual Basis

The basis of accounting under which expenditures other than accrued interest on general long-term debt are recorded at the time liabilities are incurred and revenues are recorded when received in cash, except for material and/or available resources, which should be accrued to reflect properly the taxes levied and revenue earned.

No New Revenue Tax Rate

Defined by State law. In general, the tax rate that will rise the same amount of property tax revenue as the previous year, based on properties taxed in both years.

Objectives

A specific statement of desired end which can be measured.

Operating Budget

Plans of current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing, acquisition, spending and service delivery activities are controlled. The use of annual operating budgets is required by the City's Charter and State Law.

Ordinance

A formal legislative enactment by the governing body of a municipality.

Performance Measures

Specific quantitative measures of work performed within an activity or program. They may also measure results obtained through an activity or program.

Personnel Costs

The costs associated with compensating employees for their labor. This includes salaries and fringe benefits.

Proposed Budget

The financial plan initially developed by departments and presented by the City Manager to the City Council for approval.

Property Tax

An annual or semi-annual tax paid to one or more governmental jurisdictions based on the real and personal property's assessed valuation and the tax rate, done in compliance with the State Property Tax Code.

Proprietary Fund

A governmental accounting fund having profit and loss aspects; therefore, it uses the accrual rather than modified accrual accounting method. The two types of proprietary funds are the Enterprise Fund and the Internal Service Fund.

Ratings

Designations used by credit rating agencies to give relative indications of credit quality. Municipal bonds rated Baa or BBB and above are considered to be investment-grade.

Refunding Bonds

Bonds issued to retire bonds already outstanding.

Reserve

An account used to indicate that a portion of fund resources is restricted for a specific purpose, or it not available for appropriation and subsequent spending.

Resolution

A formal statement of opinion or determination adopted by an assembly or other formal group.

Revenue

Funds that the City receives as income. Revenue increases fund balance.

Sales Tax

A general tax on certain retail sales levied on persons and businesses selling taxable items in the city limits. The City's current sales tax rate is 8.25%, consisting of 6.25% for the State of Texas; 1% for the City; 0.5% for the Economic Development Corporation; and 0.5% for the Crime Control Prevention District.

Glossary

FY 2025-2026 ANNUAL BUDGET

SCADA

Acronym for Supervisory Control and Data Acquisition. An automated system that electronically monitors and controls water storage tanks, pumping stations, and water supply levels. The system monitors and coordinates water supply throughout the City in order to meet customer water demands, by allowing remote facilities to be operated from a central location.

Special Revenue Fund

A fund used to account for proceeds for specific revenue sources (other than special assessments, expendable trusts or for major capital projects) that are legally restricted to expenditures for specified purposes, or have been segregated by financial policy to be maintained separately.

Tarrant Appraisal District

The Tarrant Appraisal District legal entity that has been established in each Texas County by the State legislature for the purpose of appraising all property within the county or district. All taxing units within Tarrant County use the property values certified by TAD. TAD is governed by a board of directors, whose members are appointed by the individual taxing units within the district.

Tax Base

The total value of all real and personal property in the City as of January 1st of each year, as certified by Tarrant Appraisal District's Appraisal Review Board. The tax base represents the net taxable value after exemptions. (Also sometimes referred to as "assessed taxable value.")

Tax Levy

The result of multiplying the ad valorem property tax rate per one hundred dollars times the tax base.

Tax Rate

The rate applied to all taxable property to generate revenue. The tax rate is comprised of two components: the debt service (I&S) rate, and the maintenance and operations (M&O) rate.

Transfers

Transfers made from one City fund to another City fund for purposes such as reimbursement of expenditures, general and administrative services or debt service.

Unearned Revenue

Cash Received from customers in advance of services received. Recorded as a liability under general accepted accounting principles.

Voter Approval Tax Rate

A taxing unit's voter approval tax rate is a calculated rate that divides the overall property taxes into two categories - M&O and debt service. If a unit adopts a tax rate that is higher than the voter approval rate, an election is held for voters to approve the rate.

Working Capital

For enterprise funds, the excess of current assets over current liabilities. Working capital of a fund is important because budgeted expenditures of the fund must be provided for from cash receipts during the year supplemented by working capital carried over from prior years, if any.

Yield

The rate earned on an investment based on the price paid for the investment, the interest earned during the period held and the selling price or redemption value of the investment.

Taxing Units Other Than School Districts or Water Districts

Form 50-856

City of White Settlement	817-246-4971
Taxing Unit Name	Phone (area code and number)
214 Meadow Park Drive, White Settlement, Texas 76108	www.wsbx.us
Taxing Unit's Address, City, State, ZIP Code	Taxing Unit's Website Address

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

Line	No-New-Revenue Tax Rate Worksheet	Amount/Rate
1.	Prior year total taxable value. Enter the amount of the prior year taxable value on the prior year tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-fourth and one-third over-appraisal corrections from these adjustments. Exclude any property value subject to an appeal under Chapter 42 as of July 25 (will add undisputed value in Line 6). This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (adjustment is made by deducting TIF taxes, as reflected in Line 17). ¹	\$ 1,472,223,347
2.	Prior year tax ceilings. Counties, cities and junior college districts. Enter the prior year total taxable value of homesteads with tax ceilings. These include the homesteads of homeowners age 65 or older or disabled. Other taxing units enter 0. If your taxing unit adopted the tax ceiling provision last year or a prior year for homeowners age 65 or older or disabled, use this step. ²	\$ 0
3.	Preliminary prior year adjusted taxable value. Subtract Line 2 from Line 1.	\$ 1,472,223,347
4.	Prior year total adopted tax rate.	\$ 0.679816 /\$100
5.	Prior year taxable value lost because court appeals of ARB decisions reduced the prior year's appraised value.

28.	COUNTIES ONLY. Add together the NNR tax rates for each type of tax the county levies. The total is the current year county NNR tax rate. ²⁴	\$ _____ /\$100

SECTION 2: Voter Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

SECTION 3: NNR Tax Rate and Voter Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

Line	Additional Sales and Use Tax Worksheet	Amount/Rate
52.	Taxable Sales. For taxing units that adopted the sales tax in November of the prior tax year or May of the current tax year, enter the Comptroller’s estimate of taxable sales for the previous four quarters. ³⁵ Estimates of taxable sales may be obtained through the Comptroller’s Allocation Historical Summary webpage. Taxing units that adopted the sales tax before November of the prior year, enter 0.	\$ 0
53.	Estimated sales tax revenue. Counties exclude any amount that is or will be spent for economic development grants from the amount of estimated sales tax revenue. ³⁶ Taxing units that adopted the sales tax in November of the prior tax year or in May of the current tax year. Multiply the amount on Line 52 by the sales tax rate (.01, .005 or .0025, as applicable) and multiply the result by .95. ³⁷ - or - Taxing units that adopted the sales tax before November of the prior year. 57.	Current year NNR tax rate, adjusted for sales tax. Taxing units that adopted the sales tax in November the prior tax year or in May of the current tax year. Subtract Line 55 from Line 56. Skip to Line 58 if you adopted the additional sales tax before November of the prior tax year.	\$ 0.695350 /\$100
58.	Current year voter-approval tax rate, unadjusted for sales tax. ³⁹ Enter the rate from Line 50, Line D50 (disaster) or Line 51 (counties) as applicable, of the <i>Voter-Approval Tax Rate Worksheet</i> .	\$ 0.707534 /\$100
59.	Current year voter-approval tax rate, adjusted for sales tax. Subtract Line 55 from Line 58.	\$ 0.707534 /\$100

SECTION 4: Voter Approval Tax Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit’s expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

Line	Voter-Approval Rate Adjustment for Pollution Control Requirements Worksheet	Amount/Rate
60.	Certified expenses from the Texas Commission on Environmental Quality (TCEQ). Enter the amount certified in the determination letter from TCEQ. ⁴⁰ The taxing unit shall provide its tax assessor-collector with a copy of the letter. ⁴¹	\$ 0

63.	Current year voter-approval tax rate, adjusted for pollution control. Add Line 62 to one of the following lines (as applicable): Line 50, Line D50 (disaster), Line 51 (counties) or Line 59 (taxing units with the additional sales tax).	\$ 0.707534 /\$100

SECTION 5: Voter Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the sum of the prior 3 years Foregone Revenue Amounts divided by the current taxable value.⁴² The Foregone Revenue Amount for each year is equal to that year’s adopted tax rate subtracted from that year’s voter-approval tax rate adjusted to remove the unused increment rate multiplied by that year’s current total value.⁴³

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year in which a taxing unit affected by a disaster declaration calculates the tax rate under Tax Code Section 26.042;⁴⁴
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a);⁴⁵ or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval.⁴⁶

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.⁴⁷

SECTION 6: De Minimis Rate

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate for a taxing unit.⁴⁸ This section should only be completed by a taxing unit that is a municipality of less than 30,000 or a taxing unit that does not meet the definition of a special taxing unit.⁴⁹

Line	De Minimis Rate Worksheet	Amount/Rate
70.	Adjusted current year NNR M&O tax rate. Enter the rate from Line 40 of the <i>Voter-Approval Tax Rate Worksheet</i> .	\$ 0.562650 /\$100
71.	Current year total taxable value. Enter the amount on Line 22 of the <i>No-New-Revenue Tax Rate Worksheet</i> .	\$ 1,691,718,300
72.	Rate necessary to impose \$500,000 in taxes. Divide \$500,000 by Line 71 and multiply by \$100.	\$ 0.029555 /\$100
73.	Current year debt rate. Enter the rate from Line 49 of the <i>Voter-Approval Tax Rate Worksheet</i> .	\$ 0.125192 /\$100
74.	De minimis rate. Add Lines 70, 72 and 73.	\$ 0.717397 /\$100

SECTION 7: Voter Approval Tax Rate Adjustment for Emergency Revenue Rate

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.⁵⁰

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year.⁵¹

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago. This section will apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).

Line	Emergency Revenue Rate Worksheet	Amount/Rate
75.	2024 adopted tax rate. Enter the rate in Line 4 of the <i>No-New-Revenue Tax Rate Worksheet</i> .	\$ 0.679816 /\$100
76.	Adjusted 2024 voter-approval tax rate. Use the taxing unit's Tax Rate Calculation Worksheets from the prior year(s) to complete this line. ⁵² If a disaster occurred in 2024 and the taxing unit calculated its 2024 voter-approval tax rate using a multiplier of 1.08 on Disaster Line 41 (D41) of the 2024 worksheet due to a disaster, complete the applicable sections or lines of Form 50-856-a, <i>Adjusted Voter-Approval Tax Rate for Taxing Units in Disaster Area Calculation Worksheet</i> . - or - If a disaster occurred prior to 2024 for which the taxing unit continued to calculate its voter-approval tax rate using a multiplier of 1.08 on Disaster Line 41 (D41) in 2024, complete form 50-856-a, <i>Adjusted Voter-Approval Tax Rate for Taxing Units in Disaster Area Calculation Worksheet</i> to recalculate the voter-approval tax rate the taxing unit would have calculated in 2024 if it had generated revenue based on an adopted tax rate using a multiplier of 1.035 in the years following the disaster. ⁵³ Enter the final adjusted 2024 voter-approval tax rate from the worksheet. - or - If the taxing unit adopted a tax rate above the 2024 voter-approval tax rate without calculating a disaster tax rate or holding an election due to a disaster, no recalculation is necessary. Enter the voter-approval tax rate from the prior year's worksheet.	\$ 0.000000 /\$100
77.	Increase in 2024 tax rate due to disaster. Subtract Line 76 from Line 75.	\$ 0.000000 /\$100
78.	Adjusted 2024 taxable value. Enter the amount in Line 14 of the <i>No-New-Revenue Tax Rate Worksheet</i> .	\$ 1,499,989,968
79.	Emergency revenue. Multiply Line 77 by Line 78 and divide by \$100.	\$ 0
80.	Adjusted 2024 taxable value. Enter the amount in Line 26 of the <i>No-New-Revenue Tax Rate Worksheet</i> .	\$ 1,659,728,156
81.	Emergency revenue rate. Divide Line 79 by Line 80 and multiply by \$100. ⁵⁴	\$ 0.000000 /\$100

⁵² Tex. Tax Code §26.042(c)
⁵³ Tex. Tax Code §26.042(b)

Line	Emergency Revenue Rate Worksheet	Amount/Rate
82.	Current year voter-approval tax rate, adjusted for emergency revenue. Subtract Line 81 from one of the following lines (as applicable): Line 50, Line D50 (disaster), Line 51 (counties), Line 59 (taxing units with the additional sales tax), Line 63 (taxing units with pollution control) or Line 69 (taxing units with the unused increment rate).	\$ <u>0.714778</u> /\$100

SECTION 8: Total Tax Rate

Indicate the applicable total tax rates as calculated above.

No-new-revenue tax rate.	\$ <u>0.695350</u> /\$100
As applicable, enter the current year NNR tax rate from: Line 27, Line 28 (counties), or Line 57 (adjusted for sales tax). Indicate the line number used: <u>27</u>	
Voter-approval tax rate.	\$ <u>0.714778</u> /\$100
As applicable, enter the current year voter-approval tax rate from: Line 50, Line D50 (disaster), Line 51 (counties), Line 59 (adjusted for sales tax), Line 63 (adjusted for pollution control), Line 69 (adjusted for unused increment), or Line 82 (adjusted for emergency revenue). Indicate the line number used: <u>69</u>	
De minimis rate.	\$ <u>0.717397</u> /\$100
If applicable, enter the current year de minimis rate from Line 74.	

SECTION 9: Addendum

An affected taxing unit that enters an amount described by Tax Code Section 26.012(6)(C) in line 21 must include the following as an addendum:

1. Documentation that supports the exclusion of value under Tax Code Section 26.012(6)(C); and
2. Each statement submitted to the designated officer or employee by the property owner or entity as required by Tax Code Section 41.48(c)(2) for that tax year.

SECTION 10: Taxing Unit Representative Name and Signature

Enter the name of the person preparing the tax rate as authorized by the governing body of the taxing unit. By signing below, you certify that you are the designated officer or employee of the taxing unit and have accurately calculated the tax rates using values that are the same as the values shown in the taxing unit's certified appraisal roll or certified estimate of taxable value, in accordance with requirements in the Tax Code.¹⁴
